1909=====FALL AND WINTER=====1909

THE REESER FLORAL CO. The Pioneer Mail Order Florists of the World

To Our Friends and Patrons:

TO THE LOVER OF FLOWERS, there is no class of plants so much prized as those which are produced from bulbs. The reason is easily found, because within the bulbs are stored all the future glory of leaves and flowers, only requiring the simplest culture to develop them in their highest perfection. Success is therefore the rule, and to the many amateurs who year after year give much of their time and attention to the cultivation of various plants with little success our advice is, **Try Some Bulbs**. Another reason why bulbs are prized so highly is that a large number of them produce their flowers in very early Spring, when the rest of nature is asleep. Then it is that a clump of Snowdrops, Scillas or Chionodoxas imparts to the garden an air of warmth and cheer that cannot be accomplished in any other way. Following these modest flowers come the showier Crocus, Narcissus, Hyacinths, Tulips, Iris, etc., in all their dazzling colors, keeping up a continuous display well into the Summer. With no other material can be secured such a wealth of charming flowers of infinite variety of form and coloring with so little trouble and at so small an outlay of money. **We believe our prices are correspondingly lower than any other firm in the country, and we know that our bulbs are unsurpassed for their blooming qualities.** Our bulbs are grown by two of the best and most reliable growers in Holland.

TIME OF PLANTING.—To the beginner, and to some of the more experienced, we would particularly emphasize the fact that **Fall, and Not Springtime**, is the time to plant all kinds of spring-flowering bulbs. The large part of the bulbs offered in this catalogue reach us from Holland in September, and the sooner they are planted after that the greater will be the measure of success; therefore, **Order Early**.

READ REMARKS ABOUT ORDERING, CAREFULLY

IT WILL ASSIST US GREATLY IN GETTING YOUR ORDER SHIPPED PROMPTLY.

Our Prices are Strictly Cash—The proper remittance must in all cases accompany the order, and should be inclosed with it to insure prompt dispatch. We can only send goods to amount received. We keep no book accounts with our customers.

Lost Orders—Letters are sometimes lost, stolen or destroyed in transit, so that they fail to reach us, and are never heard from. Please remember that however safe the U. S. mail service is, that some vexatious losses and delays are liable to occur. In some instances mails are burned up in railroad wrecks, and delayed for days in snowbound trains or in bad washouts. Therefore business prudence dictates that remittances must be made in the following manner, so that in case of loss duplicates can be had.

Delays—Remember that sometimes in the busiest season others may have orders ahead of yours, which must be filled in rotation. Order early.

Postoffice Money Orders can now be had at almost all postoffices, and are absolutely safe. If the letter enclosing it is lost, send us the number, date, amount, the office at which it was payable, a list of what you ordered, and we will fill the order at once and apply for a duplicate of the lost money order, which the government will furnish in such cases.

New York or Chicago Bank Drafts drawn by your local bank and made payable to our order are good, and can be had at all banks. If lost, the bank will issue a duplicate.

Express money orders are one of the cheapest and best ways of sending money. Perfectly safe, because if lost a duplicate can be had by applying to the express company.

Do not send personal checks, as it costs 25 cents to collect them by the banks, and we cannot accept them unless the cost of collection is added; then some delay is caused in making collection, also.

Registered Letters—When you cannot get money orders, enclose the money—either notes or coin—and have it registered by the postmaster and the money counted in his or her presence.

Cost of Remitting Free—On all orders of 50 cents and over the cost of remitting by any of these methods may be selected in bulbs, seeds or plants in accord with the character of your order. Do not expect us to send you a single plant in this where your order calls for seeds entirely; it is asking too much of us, for the cost of packing and postage amounts to more than the plants.

No Goods Sent C. O. D. unless cash to the amount of one-fourth the order accompanies the same. We do not care to send goods C. O. D. at any time, and only do so on rare occasions. The cost of collection charges is quite an unnecessary item of expense, and the prices being given, we cannot conceive of the necessity of having goods so sent.

When coin is sent in letters it should be pasted up in strong paper or sewed in cloth so as to prevent it breaking through the envelope, which is universally the case when enclosed loose.

Postage stamps in small amounts are taken as cash, but they must be sent so they will not stick together. A good

plan is to wrap them in wax-paper. Do not handle them with damp or moist hands. They often come stuck together, making them worthless.

Canadian and Foreign Postage Stamps will be returned, as they have no value here.

Free by Mail—At the prices named in this book we send everything offered by mail postpaid, except where otherwise noted, and where offered "by express," then it is meant that the purchaser is to pay charges.

Remember to always sign your name the same. No matter how often you write us, do not forget to give your **Postoffice, County and State**. We always have orders on file with deficient addresses—some forget to sign their names, others their postoffice or state. Some we can trace, but usually we have to wait for complaints.

Rural Free Delivery—Be sure to give the name and number of your route, if necessary, when ordering.

Order Sheets—You can greatly aid us by using our Order Sheets as follows:

1. Place the quantity wanted before each item.
2. Use only one line for each kind ordered.
3. As nearly as possible make out your list in the same order in which goods are catalogued, beginning at the front.
4. Do not write letters on your order sheets. Please use a separate sheet of paper, and **always sign your name the same**, no matter how often you write us.

It is important that you keep an exact duplicate of your order. Check it off carefully before you send it, so there can be no question of mistake made.

Errors—If stock is not as expected, compare with the order, read catalogue rules carefully, and if we are in the wrong write us at once, giving all particulars as in paragraph above. Do not complain to others until we have had a chance.

Time of Sending—Not all Fall Bulbs are ready at the same time, but nearly all of the Dutch and French importations are in store by September 15th. The following table gives approximately date of arrival. **October 15th**, Lilies, Chinese Narcissus, Dahlias, Peonies, and Gladiolus; **November 15th**, Spirea, full supply of Lilies, Lily of the Valley, new crop Tuberoses.

Unless otherwise stated by our customers we always forward such bulbs as are ready on receipt of order, and the balance as fast as the different kinds arrive. If other arrangements are desired, please to so state at the bottom of the order.

We Guarantee all orders to arrive safely at any point in the United States, whether sent by mail or express, and to arrive in a good growing condition, but here our responsibility ceases. If anything is injured or spoiled in any way before delivery, write us by return mail, and it will cheerfully be replaced without cost. We do not guarantee that our Roses and other plants that we send out will not die from neglect or careless treatment, killed by drought, insect depredations, accidents or frosts after they are planted, and we should not be asked to be responsible when plants die from any of these causes.

TRADE-MARK

Address: THE REESER FLORAL CO., Springfield, Ohio.

DO NOT BE MISLED By certain florists who are offering to prepay express charges on certain sized orders, for when shipped under those terms the soil is removed from the roots of the plants, and they are packed exactly as though they were shipped by mail, and cost is no more than it would be were they shipped by mail.

WHY BE DECEIVED By those offering you clubbing rates in the fall? Our prices are net, and about half of what are named in any other firm's clubbing rates. Bulbs are sold so close that there is no profit in them. We are, however, always liberal in our treatment to our customers, always trying to give them more for their money than any other firm. We import nothing but the best bulbs, and send out plants that are away above the average—in fact, we think they are the best.

STANDARD SET OF
Early Single Flowering Named Tulips
PRICE, 3 CENTS EACH.

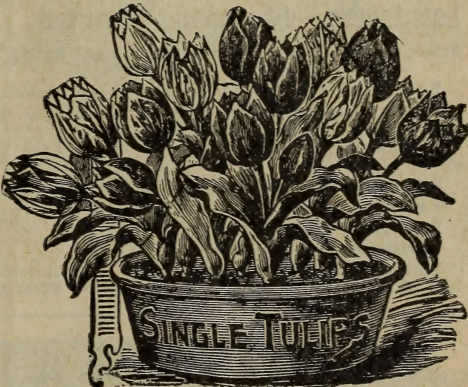

The Tulip is extremely hardy and of easy culture, flowering as freely in the shade as in the sunshine, and producing as fine flowers in a confined town garden as in a more favored place. Double and Single Tulips, when associated together and in front of shrubs, maintain a longer display than if either are separately planted. In gardens where the flower beds must be kept gay from the earliest day of spring, plant between the lines of Tulips, Scilla Sibirica, Chionodoxa Luciliae, Snowdrops or Crocus, and as these flower first they can be removed or cut down when the Tulip is coming into bloom. The Single Tulip has a greater variety of rich, delicate and attractive colors than any other section of spring-flowering bulbs. Those only who have massed the different varieties, planting the bulbs four inches apart, can form any idea of their beauty and their great diversity in shade and color, and the grand effect they produce grouped in flower beds or borders.

THE SET OF TWELVE DISTINCT VARIETIES OF EARLY-FLOWERING SINGLE TULIPS FOR 30 CENTS.

- ARTUS**—Bright bronzy-scarlet; well-shaped flower.
- BELLE ALLIANCE**—Rich scarlet; sweet scented.
- COLEUR PONCEAU**—Bright red, flaked with white.
- CHEYSOLORA**—Golden-yellow; extra fine; is the best single yellow Tulip for outdoors.
- COTTAGE MAID**—Snow-white, bordered with pink; the prettiest of all Tulips.
- DUCHESS OF PARMA**—Extra large and gloriously colored; orange-yellow, shaded with fiery-yellow and brown shadings.
- JOOST VAN VONDEL**—Glossy rosy-red and white; one of the largest.
- LA REINE (The Queen)**—A beautiful clear white; the best white for pot culture.
- ROSE GRIS DE LIN**—Very fine bright pink; this is the best of all pink Tulips.
- SILVER STANDARD**—Brightest crimson, striped pure white.
- SNOWBALL (L'Immaculee)**—Beautiful snow-white, with lemon eye.
- YELLOW PRINCE**—Golden-yellow, scented like Tea Roses. Is one of the best yellow Tulips for forcing.

Double Early Flowering Named Tulips

PRICE 3 CENTS EACH

The Set of Sixteen Choice
Different Kinds of Double
Named Tulips - - - -

For 40 Cents

Couronne d'Or (Crown of Gold)—The best deep golden-yellow. No flower has a richer color. The very best of all yellow Tulips; superb.

Duke of York—Rich, clear bright red, white edge.

Gloria Solus—Brownish-red, bordered with pure gold.

La Candeur—Pure white. This variety is beautiful when planted among Rex Rubrorum, to form designs, etc., planted four inches apart. We sell an immense quantity of them, being very cheap. **Price, \$2.00 per hundred.**

Lady Palmerston—Large, beautiful flowers of dark pink. The finest Tulip of its color.

Le Blazon—Fine rosy-pink; very elegant.

Ma Cousine—Beautiful rich violet, very dwarf. This variety blooms at the same time as Rex Rubrorum and La Candeur, and makes an excellent border for these varieties. **Price, \$2.00 per hundred.**

Murillo—White, delicately flushed and penciled with pink. The most delicately colored of all the Tulips.

Purple Crown—The only real dark red double Tulip; very rich.

Rex Rubrorum—Richest scarlet. Is beautiful when planted among La Candeur to form designs of any description, as they grow of equal height and bloom at the same time. **Price, \$2.00 per hundred.** A rich effect is produced by planting Rex Rubrorum in center of the bed, then surround this with La Candeur and border with Ma Cousine. They bloom all at once.

Rose Blanche—Extra large, pure white, of good form.

Rosine—A beautiful, rich clear pink; fine forcer.

Scarlet King—An exquisite richly colored scarlet.

Titian—Brown, splashed with golden-yellow.

Tournesol (Yellow)—Bright golden-yellow, shaded orange. Very fine, large and showy flower; forces well. One of the finest double yellow Tulips in cultivation.

Tournesol (Red and Yellow)—Elegantly variegated red and yellow.

Double Tulips.

New, Curious and Rare Tulips

Bouton d'Or, or Golden Beauty—Single. Rich buttery orange-yellow cup-shaped flowers; the anthers are black, and make a striking contrast with the yellow when the flowers are expanded. **Price, 5 cents each, six for 25 cents.**

Fulgens (Fiery Tulip)—One of the largest-flowering Tulips, often measuring twenty inches in circumference; color of the most brilliant scarlet, with yellow center; very showy. **Price, 5 cents each, six for 25 cents.**

Gesneriana—This grand species of the Tulip should be in every collection. The flower stems are two to three feet high, producing exquisite blossoms of the most intense, dazzling, glossy crimson, with center of deep blue. The flowers are the most durable and beautiful; colors remain clear and distinct for a long time. **Price, 5 cents each, six for 25 cents.**

Greigli—Bright orange-scarlet; immense large flowers; yellow inside of petals, bronzy-yellow outside; foliage black spotted. This variety and the Darwin Tulip are the handsomest of all Tulips. Order a Greigli Tulip, and see what beautiful flowers they are. They cost three times what other Tulips cost. **Price, 10 cents each, three for 25 cents.**

Isabella (Shandon Bells, or Blushing Bride)—A beautiful variety, with large handsome flowers carried on long stems; color of flower is primrose, flushed rose, changing to a beautiful rose-carmine. **Price, 5 cents each, 50 cents per dozen.**

La Nigrette—Single. The Black Tulip, of strong, free growth with large handsome flowers of dark mahogany shaded with black; rich and glossy. **Price, 5 cents each, six for 25 cents.**

Persica—The Persian Tulip is unlike any other sort, as its flower stem branches and bears three to five flowers on a stem. They are bright yellow in color, and exceedingly pretty. They bloom elegantly in the open ground, but are the largest and finest when grown for winter blooming. **Price, 5 cents each, six for 25 cents.**

Silvestres (Florentina Odorata)—Yellow flowers, with delicious fragrance. This variety is the only Tulip that has fragrance. **Price, 4 cents each, 40 cents per dozen.**

Viridiflora—This is a great curiosity, as the flower is deep, pure bright green, no other color mixed with it. **Price, 5 cents each, six for 25 cents.**

Calochortus

MARIPOSA, OR BUTTERFLY TULIPS

These bulbs are little known or cultivated, as they are not hardy enough to stand our winters in the open ground without protection, but for blooming in pots they are unsurpassed. The flowers are very large, borne on long stems, and are of the most charming butterfly colors, white, yellow, buff, crimson, purple, spotted and shaded in a charming manner. For winter bloom they require only to be potted, four or five in a five-inch pot, and treated like Hyacinths or Crocus. When in bloom they will be a marvel of beauty and last a long time. Not suitable for outdoor planting except in the South or Pacific Coast.

Calochortus, Finest Varieties, Mixed—This mixture comprises all the finest varieties. Do not fail to try a dozen. **Price, 5 cents each, three for 10 cents, twelve for 35 cents**

Late Double Flowering Named Tulips

Price, 3 Cents Each, or the Set of eight Late-Flowering Tulips for 20 Cents.

Blue Flag—Richest sky-blue; only Tulip of this class.

Count de Leicester—Another very distinct and finely colored sort; light orange, feathered yellow.

Mariage De Ma Fille—White, with cherry-crimson feathered; extra fine.

Overwinnaar—Blue and white feathered; extra.

Pæonygold—Rich scarlet, feathered yellow.

Pæonyred—Deep crimson-red.

Turban Rose—Beautiful rich violet.

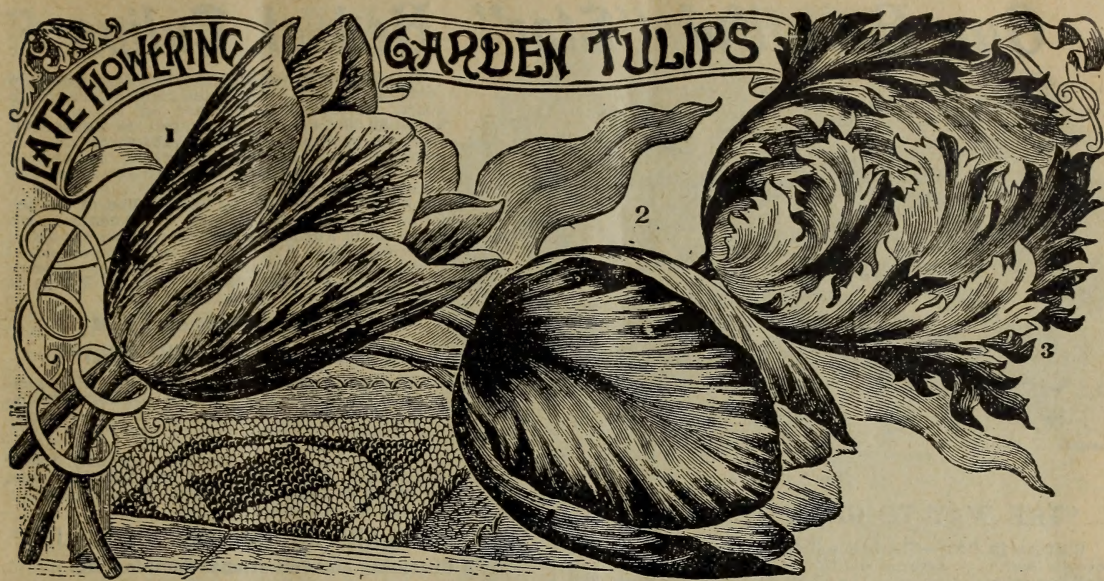

Yellow Rose—Splendid golden-yellow, very large flower; the best of the yellow Tulips; extra fine. **Price, \$2.00 per 100.**

Oculus Solis—Peacock Tulip or Sun's Eye.

Oculus Solis—Peacock Tulip or Sun's Eye

One of the finest Tulips for pot culture. It is the earliest Tulip to bloom, and one of the grandest in cultivation. The flowers are very large, and of a clear, transparent, brilliant scarlet, with a golden band through three of its six petals and a large jet-black center, which is bordered with a pure golden yellow; a magnificent sort. **Price, 5 cents each, six for 25 cents, 50 cents per dozen.**

1. Bizard Tulip.

2. Bybloemen Tulip.

3. Parrot Tulip.

Choice Mixed Bedding Tulips

We have a large stock of unnamed Tulips for bedding, which we have priced so low as to make a large mass of these showy flowers a matter of trifling expense. They are excellent bulbs, and will bear handsome blooms. Double and single collections are kept separate. The Mixed Double Tulips are best adapted for planting out in the garden, and will bear forcing as well as other varieties, and for a succession should be planted in every garden. Several hundred bulbs at the quotations below involve less expense than is usually required to secure a few dozen summer bedding plants, and in the matter of display they are fully as valuable during their season as an equal number of ordinary blooming plants.

Mixed Single Early—Splendid flowers and all colors; fine. Price, six for 15 cents; per dozen, 20 cents; per 100 by mail, postpaid, \$2.00; by express, at purchaser's expense, \$1.50.

Splendid Double Mixed Tulips—A fine mixture, all fine colors. Price, six for 15 cents; 20 cents per dozen. Per 100 by mail, postpaid, \$2.00; by express, at purchaser's expense, \$1.50.

Single Tulips in Separate Color Mixtures

The following are selected from varieties of same height and which bloom at the same period, especially recommended for bedding:

SINGLE—White, Yellow, Striped, Red and Pink shades in finest mixture.

Price, per dozen, 25 cents; per 100, postpaid, \$2.00; per 100 by express, purchaser paying charges, \$1.50.

Late or May Flowering Single Garden Tulips Bizard and Bybloom Tulips

It seems strange these are not more commonly grown, for their large, cup-like blossoms, feathered and flaked as only a Tulip can be, are always admired more than any other. Byblooms have white, light or violet grounds, flaked and feathered, rose, lilac, pink, purple, violet, scarlet, black and crimson. Bizards have yellow grounds, flamed and blazed maroon, black, scarlet, bronze and brown. We offer a fine mixture of every imaginable color and marking. We know our customers, if they could but see a bed of these in their gorgeous splendor, could not resist planting them.

Bizards—Have a yellow ground color feathered or striped with crimson, purple or white; finest mixed. Price, six for 15 cents; per dozen 20 cents.

Bybloemens—Have a white ground color, flaked or blotched with blue, lilac, violet, purple or black; finest mixed. Price, six for 15 cents; per dozen, 25 cents.

Per 100 by mail, postpaid, \$2.00; by express, at purchaser's expense, \$1.50.

Parrot or Dragon Tulips

A flower more bizarre, fantastic or gorgeous would be hard to find. A bed or clump of them always attracts much attention. They are six, seven and eight inches across, with petals toothed, horned, twisted and waved, now loosely incurved, now spread flatly out like a star. Some are yellow, some are crimson, or again dashed, flaked or feathered with green, gold or scarlet, resembling the plumage of a parrot, whence these Tulips derive their name. Fine to plant among shrubbery or for bedding. They grow ten inches in height, and bloom just after the double Tulips. Our Parrot Tulips are extra large bulbs, sure to bloom. Medium-sized bulbs will not bloom well.

Fine Mixed Parrot Tulips—All colors, 3 cents each, 20 cents per dozen; \$2.00 per 100 by mail, postpaid; \$1.50 per 100 by express, at purchaser's expense.

Picotee or Maiden's Blush Tulips

These are quite new, and to our minds the most exquisite of all. They bloom after the single early varieties, or about the same time as the Byblooms. Flowers very large, and borne on tall, graceful stems. They are extra fine for winter blooming and for the garden, but they will show the most color in the garden.

The flowers have exquisite white petals of large size; pure white, with a fine distinct border of crimson, which makes them exceptionally beautiful. Price, 5 cents each, twelve for 40 cents.

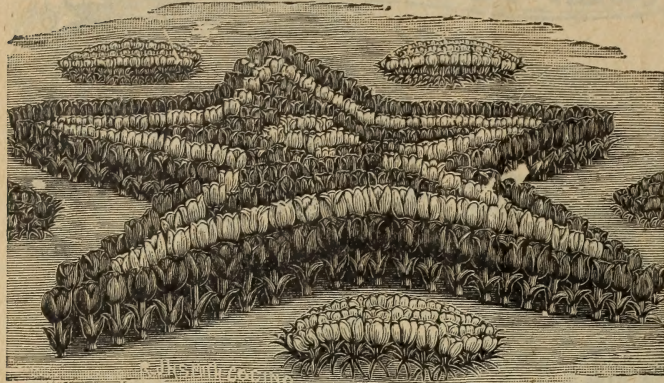

New "Darwin" Tulips

Darwin Tulips belong to the late, or May-flowering, section. The flowers are very large, of symmetrical form, and are borne on tall, strong stems, often two feet high. They by far surpass in colors and brilliancy anything before known in Tulips. The colors are so glowing and bright that in the sunlight the effect is fairly dazzling. They include almost every conceivable color and shade, from the daintiest blue to the darkest violet, from soft rose to the most brilliant red, and from light brown to what is believed to be the darkest black in the floral world. Price, 5 cents each, twelve for 40 cents, postpaid.

The Great Show Tulip Scarlet Gesneriana

This is a tall-growing, late-blooming Tulip, and undoubtedly one of the finest in cultivation. The flowers are as large as coffee cups, and carried on stout stems nearly eighteen inches from the ground. The color is brilliant crimson-scarlet, with a large peacock-blue blotch in the center, and of very strong fragrance. No Tulip that has come under our observation is at once so brilliant and lasting. They remain in bloom from three to four weeks, and are admirable when planted in groups among evergreens and shrubbery, where they show up to splendid advantage against the dark background. Price, 5 cents each, 40 cents per dozen.

"THE WAY TO GROW HYACINTHS"

Culture in Pots—The best soil to use is composed of good fibrous loam with a liberal addition of leaf soil, sharp sand and well decayed cow manure. The whole should be well mixed and left to stand some time before use. In potting, leave the top of the bulb exposed, and let the soil be moderately moist. The pot should then at once be placed outdoors on a bed of wet ashes and covered with six inches of the same material or good garden soil and left exposed to the weather. When the bulbs are well rooted and about an inch of the top growth has been made, they may be removed indoors to force, first into a subdued light until the blanched foliage has attained its full green color, and then into the sunniest situation at command. Abundance of air, a moderately moist atmosphere and plenty of water at the roots is then necessary for early well-developed flower spikes. A dry or frosty atmosphere or a draughty situation will cause the flower buds to shrivel. Forcing should only be done gently, the temperature like that of a cool greenhouse, a sitting-room window or frame, always selecting the sunniest and most genial situation.

Culture in Glasses—Pure, clear water should be used, with a piece or two of charcoal in it to keep the water sweet. The base of the bulb should at all times just touch the water. Place the glass in a cool, dark place to encourage root growth. When the glasses are nearly full of roots admit them to the light gradually, and then to the sunniest place at command till the flower spikes are well developed. Avoid a too dry or frosty atmosphere or a draughty situation, as such conditions will often cause the flower buds to shrivel.

Culture in Beds and Borders—For its successful cultivation in open air, the Hyacinth likes a light, rich soil, which should be dug to a depth of eighteen inches previous to planting the bulbs, the addition of sharp sand being recommended if the soil is very heavy. The ground should also be effectually drained. After digging the ground well, remove the top soil to a depth of four inches, and set the bulbs at equal distances of six to eight

This beautiful bed is seven feet from point to point, and requires 250 bulbs planted four inches apart. **Price, \$5.00;** or a bed half this size, 125 bulbs, **\$2.50.** Section one (center), 10 "Toune-soil" (yellows); section two, 50 *Rex Rubrorum* (scarlet); section three, 80 *La Candeur* (white); section four (outside row), 110 *Gloria Solis* (variegated red and yellow). The five varieties of Crocus, as shown in small beds surrounding the "Star" Bed of Tulips, 20 bulbs in a bed, or 100 in all, for 60 cents, or the entire lot of Tulips and Crocus to make the above effect for \$5.00. Try this design, and be delighted; it will excite the envy and admiration of your friends and neighbors. The "Star" Bed of Tulips is sent prepaid.

Our "Popular" Round Bed of DOUBLE FLOWERING TULIPS

"Popular" Bed of *Rex Rubrorum* (bright scarlet) and *La Candeur* (pure white) **Double Tulips.** It is five feet across, or fifteen feet in circumference, and requires 200 bulbs planted four inches apart. You may divide bed into quarters or halves, planting to suit your taste. **Price for the bed, 100 of each kind, \$3.50; or a bed one-half this size, 50 bulbs of each color, \$2.00.** Don't fail to try

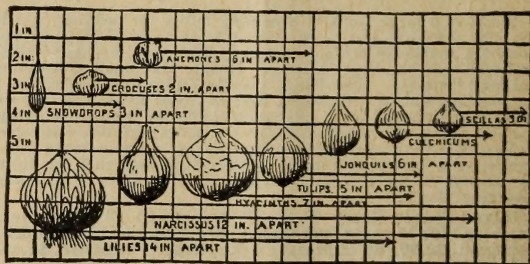

a bed of these, and see how pretty they are.

OUR "POPULAR" SQUARE BED OF TULIPS

A Charming and Sensational Combination.

This bed is ten feet long by six feet wide, requiring 380 bulbs planted five inches apart. **Prepaid for \$5.50; one-half, 190 bulbs, prepaid for \$3.00.** Center requires 50 white, inside rows require 130 scarlet or red, outside rows require 200 yellow.

inches, then cover them with the soil which had been removed, and press and level the same with board or plank. From the time of their appearing above ground in spring they require little or no attention, but a slight covering of small litter or straw may be used with advantage in very exposed situations in severe weather. The planting of the bulbs should be done in October and November.

Our "Sensation" Bed of 100 Hyacinths

ROUND OR SQUARE. FIVE FEET IN DIAMETER.

It is composed of five rows, requiring 100 bulbs. This bed, when seen in flower, you will remember with pleasure as long as you live. Nothing can be more beautiful and fragrant. This bed is 15 feet in circumference, or 5 feet across, requiring 100 bulbs planted six inches apart—all for \$5.00, by express, purchaser paying charges; or we will send prepaid by mail for \$6.00. Or the bed can be reduced in size one-half, when 50 bulbs will be required, costing \$2.50 by express, purchaser paying charges; or we will send prepaid by mail for \$3.00. In ordering, say "Sensation Bed of Hyacinths."

THE VARIETIES AND COLORS ARE AS FOLLOWS:

- Row 1 (the center)—12 *Lord Macauley*, dazzling scarlet.
- Row 2—15 *King of the Yellows*, beautiful pure yellow.
- Row 3—18 *Queen of the Blues*, finest porcelain-blue.
- Row 4—25 *La Grandesse*, the finest snow-white.
- Row 5—30 *Gigantea*, the best pink.

Roman Hyacinths

We wish to call special attention to these beautiful Roman Hyacinths, which are so valuable for early winter blooming. They are among the few flowers which can be had as early as Christmas and New Years. Each bulb throws up several spikes of flowers, very beautiful and fragrant, and when kept in a cool room will keep perfect for weeks. Three can be planted in a four or five inch pot, and will soon be in flower. In the garden they are first of all Hyacinths to bloom. We offer extra large bulbs. Do not fail to plant a good lot of them for winter. **Price, fine bulbs, 5 cents each, six for 25 cents, twelve for 50 cents.**

Early Single White—Every window should have several pots of these. Exquisite bells, white as the driven snow and pleasantly fragrant; never fails to bloom; extra large.

Single Blue—Lovely light blue, a fine contrast to the white variety.

Single Pink—A grand new sort, with enormous bright pink bells in large spikes.

Double Rose Pink—These are larger than the single sorts, and have elegant waxy bells of rose-pink.

Canary Yellow (New)—Few novelties will surpass this new Yellow Roman Hyacinth. There is nothing to be said of it, except that it is like the common Roman white, except in color, which is a lovely shade of light yellow.

SPECIAL OFFER—For 20 cents we will send one bulb of each of these five Roman Hyacinths; three of each, fifteen in all, for 50 cents.

Roman Hyacinths Growing in Pan

Our "Jewel" Set of Hyacinths

Offered only by us. Price, 6 cents each, or the entire set of twelve for 65 cents.

The finest set of Hyacinths for pot culture in the house or garden ever offered to our patrons. A magnificent assortment of varieties which are properly named after the "Jewels" or "Gems," embracing every known shade of color; strong growing, producing exceedingly large, beautiful bells and spikes of bloom.

Don't fail to secure this set, with their delicate and delightful perfume, which penetrates the entire house, and beautiful colors which delight the eye and brighten your home during the dreary winter and spring.

Alabaster—Pure waxy-white; fine large spike.

Amethyst—Splendid rich dark purple; extra large.

Coral—Delicate rose color; extra fine spike and bells.

Diamond—Blush-white with rosy center.

Garnet—Fine deep red; very fine.

Opal—Rich creamy-white; magnificent bells and spikes.

Pearl—Pure snowy-white; extra large and fine.

Sapphire—Beautiful rich blue; magnificent color; large spike.

Topaz—Pure yellow; extra fine in every respect.

Tourmaline—Beautiful waxy blush; fine large bells and spike.

Turquoise—Silvery-blue; one of the finest of all; large bells.

The Grape Hyacinth

IMPROVED

This charming little gem should be found in every garden in abundance. It has been termed the "Blue Lily of the Valley," and when planted in a mass with that sweet flower it does resemble it to some extent, and forms a most fascinating combination. It grows about the same height, and blooms about the same time each spring. It increases rapidly, and when once planted a mass of beautiful blossoms which will increase each year is insured for a lifetime. But for winter blooming in pots it is of the greatest value. Plant five or six bulbs in a five-inch pot, and you will have as lovely a pot of bloom as you can imagine. Words fail to do it justice. Flower stems grow a foot in height, bearing a dense spike of sky-blue bells tipped with white, and oh, so lovely! Please remember that ours is an improved strain of Grape Hyacinth, much superior to the old form.

IMPROVED BLUE—Three for 5 cents, twelve for 15 cents.

SNOW WHITE (new and scarce)—Price, 2 cents each, six for 10 cents; twelve for 18 cents.

OUR "GRAND" COLLECTION OF SINGLE HYACINTHS

Price 10 Cents Each

ANY 6 FOR 50 CENTS, OR THE
ENTIRE SET FOR \$1.00. IN OR-
DERING SAY "GRAND" COL-
LECTION OF HYACINTHS.

Single Hyacinths

We advise all our friends to plant Single Hyacinths, as the spikes are larger than the double ones, and they are more showy. The following list is the very cream of existing varieties, and it took years of experience to acquire it. We offer it to you for a small amount of money, considering its great worth.

Gertrude—This is the freest flowering of all the Hyacinths; often has two to four spikes of bloom; a lovely deep pink color.

Gigantea—Fine pink. The name of this beautiful variety indicates its character, being a giant spike.

Grand Blanche Imperial—A splendid, immense spike of large, pure ivory bells, waxy in appearance, vying with the snow in purity. Best of all.

Grand Maitre—Deep porcelain blue; extra fine.

King of the Yellows—A rare and exceedingly scarce variety, being the grandest of all yellow colors. Spike compact while the color is the very best yellow.

King of the Blues—This is the richest and most elegant of the dark blue Hyacinths; it is so dark and rich that the texture of the flower seems covered with a rich sheen of velvet almost black. Exquisite.

La Grandesse—This variety deserves its name of "The Grandness," having a grand spike of the purest white.

La Peyrouse—Light blue. Fine for beds and forcing. Very large, compact spike and large bells. A grand variety.

Lord Macaulay—Extra large. Spikes solid and compact, and the fragrance is exquisite. The color is a rich carmine red. Very bright.

King of Belgium (Roi des Belges)—The very best rich crimson-scarlet Hyacinth yet offered. The florets are extra large, spike solid and compact and of immense size, and the fragrance is delicious. The color is a dazzling, sparkling crimson-scarlet, very bright and distinct. Elegant and a grand bedder, that does not lose its color.

Norma—Very early. Extra long, large bells. A most popular variety of rich rose-pink color.

Queen of the Blues—Flower entirely distinct, a delicate porcelain-blue, a color that is extremely rare in flowers of any kind. An extra fine variety.

"PEERLESS" COLLECTION OF DOUBLE HYACINTHS

Price 10 Cents Each

6 FOR 50c; THE ENTIRE SET OF
PEERLESS DOUBLE HYACINTHS
FOR \$1.00. CAN NOT BE BOUGHT
ELSEWHERE FOR LESS THAN \$2.

This offer has never been equaled. The varieties are the very best and cannot be surpassed. The colors are of the most beautiful shades. By far the best offer you ever had on Double Hyacinths, and the list, like the Single Hyacinths, is the best of the existing varieties—all "tried and true."

Bloksberg—The finest of all double light-blue Hyacinths. Has a large, compact spike of splendid lilac.

Bouquet Royal—Fine light pink or blush. Extra large spike and very beautiful.

Czar Peter—Finest porcelain-blue; very large spike; a distinct and beautiful color.

Flevo—Immense spike of large pure ivory bells, waxy in appearance, vying with the snow in purity, while its fragrance is delicate and penetrating. Splendid.

General Antinck—Fine porcelain-blue, with darker center. Splendid bells produced on fine large truss.

General Gordon—Richest deep golden-yellow. Large spike, one of the best yellows.

La Virginite—(The Virgin.) Creamy-white; large spike; an excellent variety.

Lord Wellington—A deep porcelain, with lilac stripe. This is the best of its color.

Maria de Medicis—Large, compact spike of beautiful bright red; an extra fine variety.

Ne Plus Ultra—Pure waxy white, very large bells. Extra fine for cutting, for which purpose it should be more extensively used. It is also very useful for outdoors because of its erect habit.

Prince of Orange—Extra large and magnificent spike. Color fine rosy-crimson.

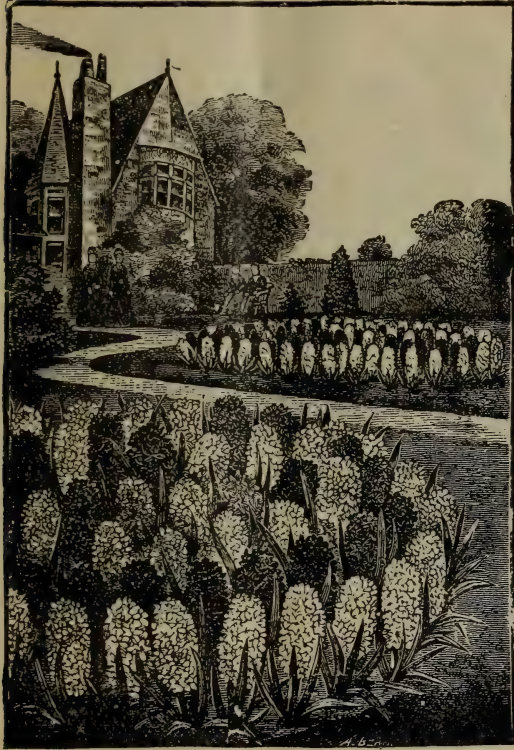

Prince of Saxony—Fine, large, long spike of the most beautiful blue.

Remember, the above collection embraces all shades. They cannot be excelled. Try a collection.

Double Hyacinths

Mixed Bedding Hyacinths

For bedding out in the fall or for house culture in pots and pans. Superb mixture and color. In order to supply the best Hyacinths and the most for the least money, we make a great specialty of Hyacinths in separate colors and mixtures; all they lack is name, which to many flowers is not a drawback. They are just as good colors and just as fragrant as the named varieties; the difference is in the cost of keeping the named sorts separate, both while planting and after they are dug. The exact shades cannot be given, but the general outline of colors are kept separate, so that in ordering you know what color you are buying. The bulbs we offer are large and well matured, sure to produce as perfect flowers as the named sorts. We offer them carefully divided into separate colors, which will enable you to set out beds at a marvelously small expense.

EQUALLY GOOD FOR POTS AT 6 CENTS EACH

SPECIAL MAIL OFFER—We will send you by mail, postage paid, TWELVE fine bulbs, all different or all of one color or otherwise as you may desire, from our Mixed Bedding Hyacinths, for 65 cents, or EIGHTEEN fine bulbs for \$1.00. This is a great bargain, and the blooming qualities and the colors fully equal the named kinds.

SPECIAL EXPRESS OFFER (purchaser paying the charges)—By express 50 cents per dozen for any of the below Mixed Bedding Hyacinths in separate colors. For \$3.50 we will send by express 100 Hyacinths in any color or colors, single or double, or both single and double, which will make a bed fifteen feet in circumference or five feet in diameter, composed of five rows planted six inches apart. If your bed should be of another shape or larger, and requiring more than 100, we will offer them at the same rate.

THE CUBAN LILY—Peruvian Hyacinth (Scilla Clusii)

A magnificent winter-blooming bulb which for ease of culture, sureness of bloom and superb flower stands at the head of all winter-blooming bulbs for house culture. It is exceedingly rare, and the difficulty and expense necessary to secure it heretofore has kept it, like many other splendid plant novelties, in obscurity. The flowers are star-shaped, and are borne in one enormous cluster. The color is distinct and strikingly rich, a dark blue with golden-yellow anthers, giving a magnificent effect. Its delicious fragrance is not unlike the Sweet Alyssum. The foliage is handsome, and even after the flower fades it is a splendid decorative plant. It should be grown just the same as a Hyacinth. Hardy in open ground with light protection. Large blooming bulbs. **Price, 10 cents each, three for 25 cents.**

HYACINTHUS BELGICUS—Belgian Hyacinth

A distinct species of Hyacinth that we urge our customers to plant largely. It resembles the Grape Hyacinth more than any other, yet it is very distinct. Its spikes being much longer and looser and the bells wider and larger in every way. It is also equally adapted to garden or pots, producing a mass of bloom that is very striking and beautiful. Should be planted in masses to procure the best effect. Five or six bulbs may be planted in a five-inch pot, and will need no more care than other Hyacinths. We offer these at prices so low that our customers can afford to plant them in quantities.

Pure White—Fine for bouquets.

Shell Pink—Delicate and pretty.

Blue—A fine violet shade.

Price, in colors, two for 5 cents, 25 cents per dozen; mixed colors, 20 cents per dozen, \$1.25 per 100.

"WOOD HYACINTH"—Scilla Campanulata (Large Spanish Blue Bell)

A beautiful spring-flowering bulb, that is extra fine for naturalizing in woods and under trees, etc. Flowers bell-shaped, and borne on tall spikes one to two feet high. Each flower

measures nearly one inch across, and droops gracefully. Perfectly hardy; also fine for pots; colors, blue, white and rose.

Campanulata, Blue—Two for 5 cents, 20 cents per dozen.

Campanulata, White—Two for 5 cents, 25 cents per dozen.

Campanulata, Rose—Two for 5 cents, 25 cents per dozen.

FEATHER OR COCKADE HYACINTH

Of this elegant Hyacinth the spike of bloom resembles a feathery plume, and is a fine blue color. The bloom first appears as a tassel about an inch or two long, of a rich blue color, but as it expands is marked with pink, and at the end of two months is developed into a beautiful plume from six to ten inches in length, of exquisite coloring—pink, violet and blue. Desirable for both house and garden. The bulbs rapidly increase and are perfectly hardy. We have secured a fine supply for this season. **Price, 3 cents each, six for 15 cents, twelve for 25 cents.**

Group of Feathered Hyacinths

DAFFODILS AND NARCISSUS

"Daffodils
That come before
the swallows dare,
And take the winds
of March with
beauty."

THE Narcissus is most desirable for house or garden culture, and should be treated in the same manner recommended for the Hyacinth. Three or four bulbs may be grown in a single pot. In the garden they may be planted in any out-of-the-way place, where they will continue to thrive and bloom year after year without any care or attention, and will be among the first to respond to the fitful blandishments of early spring.

LARGE TRUMPET NARCISSUS

This class is the showiest of the genus, and also the most useful, growing easily either indoors or in the open ground. Every one of the twelve sorts offered below are deserving of extensive planting, and you can set out any of them with full assurance that you will get a bountiful harvest of blossoms in the spring.

Albicans—"The Great Spanish Daffodil." Perianth white; large, bold primrose trumpet; changing to pure white, elegantly fringed; a beautiful, chaste flower. Price, 6 cents each, five for 25 cents.

And Righ, or Irish King—An extremely early flowering, large golden-yellow trumpet variety. Price, 4c each, 8 for 25c.

Bicolor Grandee (Grandis)—Flowers of the largest size, with broad pure white petals and yellow trumpets; late flowering, and valuable for succession. Price, 5c each, 50c per doz.

Bicolor Victoria—A comparatively new variety. Perianth creamy-white, trumpet rich yellow; delicately perfumed; excellent for pots. Price, 10 cents each, three for 25 cents.

Empress—Perianth snow-white, trumpet rich yellow, serrated and flanged at the edges; large in outline, and of rare beauty for cutting. Price, 6 cents each, five for 25 cents.

Emperor—A magnificent flower. Perianth deep primrose, trumpet large, rich yellow. Should be largely grown in flower beds, borders, or naturalized in grass. It is one of the finest Daffodils in cultivation, and much prized for cutting. Price, 8 cents each, three for 20 cents.

Giant Princeps (Ajax Princeps)—A magnificent flower, and one of the finest of the large trumpet type; perianth sulphur-white, trumpet rich yellow. As a forcing variety it is superior in every way, and a fine sort for naturalizing. Price, 5 cents each, six for 25 cents.

Golden Spur—Large, spreading, full, deep yellow perianth; trumpet golden-yellow. A charming richly perfumed flower, and one of the very best of the Golden Trumpets. In favorable situations the flower stalks attain a height of two feet. Price, 6 cents each, five for 25 cents.

Henry Irving—Remarkable for its deep yellow, imbricated, wheel-shaped perianth and large trumpet of a lovely golden-yellow hue; a fine variety for any purpose. Price, 6 cents each, five for 25 cents.

Horsfield—A Royal flower as to size and color, being very similar to Empress; perianth pure white, trumpet rich yellow. It comes into bloom early, and is one of the very finest for cutting. Price, 8 cents each, four for 25 cents.

Maximus (Hale's Beaten Gold)—A grand deep golden-yellow flower. For cutting this variety is unexcelled. Succeeds best in a heavy, moist soil. Price, 8 cents each, four for 25c.

Obvallaris (Tenby Daffodil)—Elegantly formed medium-sized flower of rich yellow; splendid for forcing. Price, 8 cents each, four for 25 cents.

Pallidus Præcox—"The White Pyrenees Daffodils." One of the earliest and most beautiful varieties. Both trumpet and perianth are clear sulphur-white. Was awarded a first-class certificate by the London Royal Horticultural Society. One of the best for forcing. Price, 6 cents each, five for 25 cents.

Scoticus—The "Scotch Garland Flower" or "Large-Flowering Lent Lily." Large flowers of creamy-white, bright yellow trumpet elegantly flanged and serrated. Price, 5 cents each, six for 25 cents.

Trumpet Major (Single Von Sion)—A large and shapely flower of a rich yellow color throughout; an excellent sort for forcing, bedding or naturalizing. Price, 4 cents each, 35 cents per dozen.

THE TRUE POET'S DAFFODILS

Narcissus With Miniature Saucer-Shaped Cups

Biflorus—Twin flowers borne on one stalk; the color is pure white with yellow cup. Price, two for 5c, 25c per doz.

Poeticus—The "Pheasant's Eye," or Poet's Narcissus." Pure white flowers with orange cup, edged with crimson; sweet scented; cannot be forced. Price, 2c each, 15c per doz.

Poeticus Ornatus—Large, beautifully formed, pure white flowers with saffron cup, tinged with rosy-scarlet; sweet scented. A magnificent cut flower; very early. This is our special favorite of all Narcissus; try it. Price, 3 cents each, 25 cents per dozen.

Poeticus Poetarum—The flowers of this splendid variety are much larger and the orange rim more distinct in the cup. This beautiful variety will be welcomed as a decided improvement over the old Poeticus. Price, 3c each, 30c per doz.

NONSUCH, PEERLESS, CHALICE-CUP or STAR NARCISSUS

This class is also known as the medium trumpets, and comprises some of the most beautiful and graceful forms. All are especially adapted for naturalizing.

Albus Stella—One of the first to bloom; flowers star-shaped; pure white, with yellow cup; large, wonderfully free-blooming, and one of the very best for general decoration or for cutting. Price, 3 cents each, 25 cents per dozen.

Barrii Conspicuus—Perianth sulphur; broad, spreading cup, magnificently illuminated with scarlet. A most distinct and beautiful sort, the admiration of everyone, and should be in every collection. Price, 4 cents each, six for 20 cents.

Cynosure—Large primrose perianth; cup yellow; conspicuously stained with orange-scarlet; remarkably showy; a fine sort for cutting. Price, 3 cents each, 25 cents per dozen.

Figaro—Perianth lemon-yellow; cup large, spreading and stained orange-scarlet; a large and well-formed flower. Price, 3 cents each, 25 cents per dozen.

Incomparabilis—Yellow, with orange cup. Price, 3 cents each, 25 cents per dozen.

Leeds (Mrs. Langtry)—Pure white perianth, broad and overlapping; large white cup, edged bright canary-yellow; free bloomer and exquisite as a cut flower. Price, 5c each, 6 for 20c.

Sir Watkin—"Giant Chalice Flower," or "Big Welshman." A gigantic flower, the largest in this section; perianth sulphur-yellow, cup slightly deeper in color and tinged with orange; fine for pot culture. Price, 6 cents each, five for 25 cents.

DOUBLE DAFFODILS

No collection of Narcissus is complete without the double-flowering sorts. While not as attractive as many of the single varieties, they possess a charm peculiarly their own. All are perfectly hardy, and are in much demand for cutting.

Alba Plena Odorata—Double Poet's Narcissus, or Gardenia Daffodil. Double, pure white, very sweet scented. This beautiful variety can be forced. It succeeds best planted on rather heavy soil, in partial shade, and where it will not suffer from lack of moisture. Price, 3 cents each, 30 cents per dozen.

Orange Phoenix—"Eggs and Bacon." Beautiful double white flowers, with orange nectary; splendid for pot culture and cutting. Price, 4 cents each, 40 cents per dozen.

Sulphur (or Silver) Phoenix—"Codlins and Cream." Large creamy-white flowers, with sulphur nectary; exquisite corsage flower, and fine for growing in pots. Price, 6 cents each, five for 25 cents.

Van Sion—(Telamoniis plenus.) The famous old Dutch Daffodil; flowers golden-yellow, large and of fine form. This variety is used in enormous quantities for forcing; also excellent for bedding in conjunction with Hyacinths, flowering at the same time. Price, 3 cents each, 30 cents per dozen.

Incomparable, fl. pl.—"Butter and Eggs." Full double flowers of rich yellow with orange nectary; splendid forcing variety. Price, 3 cents each, 30 cents per dozen.

GIANT GOLDEN SACRED LILY

(Campenelle Regulosus)

This elegant flower is larger and sweeter than the Chinese and golden-yellow. Can be bloomed very quickly in soil, sand or pebbles and water. Can be had in bloom by the holidays and will thrive in garden or window, being hardy. Don't fail to try them. Price, 3 cents each, six for 15 cents, twelve for 25 cents.

THE CHINESE SACRED LILY

The "Shui Sin Far," or Water Fairy Flower, Joss Flower, Flower of the Gods, etc., as it is called by the Celestials, is a variety of Narcissus bearing in lavish profusion chaste flowers in silvery-white, with golden-yellow cups. They are of exquisite beauty and entrancing perfume. It is grown by the Chinese according to their ancient custom, to herald the advent of their new year and as a symbol of good luck. The bulbs are grown by a method known only to themselves, whereby they attain great size and vitality, insuring luxuriant growth and immense spikes of flowers. In fact, the incredibly short time required to bring the bulbs into bloom (four to six weeks after planting) is one of the wonders of nature. "You can almost see them grow," successfully almost anywhere and with everybody. They do well in pots of earth, but are novel and beautiful grown in shallow bowls of water, with enough fancy pebbles to prevent them from toppling over when in bloom. A dozen bulbs started at intervals will give a succession of flowers throughout the winter. (See cut.) Price, 12 cents each, six for 50 cents. A dozen bulbs planted one a week will give a supply of flowers all winter.

Chinese Sacred Lily

HOOP PETTICOAT

Or Medusa's Trumpet Narcissus

Bold and shapely flowers. They are gems for pot culture, and bear from six to twelve flowers to each bulb. For planting in groups around the edges of lawns, and especially for edgings for beds, this class is superbly adapted.

Bulbocodium—The large yellow "Hoop Petticoat;" rich golden-yellow. Price, 5 cents each, 50 cents per dozen. "Algerian White Hoop Petticoat" (Monophyllus, or Clusii.) Pure snow white; very early; will bloom at Christmas if potted in September. Price, 6 cents each, 65c per dozen.

Citronum—The "large Sulphur Hoop Petticoat." Large sulphur flowers; unique and beautiful. Price, 4 cents each, 40 cents per dozen.

JONQUILS

Much prized for their charming large golden and deliciously sweet scented flowers, perfectly hardy and flowering very early in the spring; also admirably adapted for winter flowering in the house. Three to six bulbs in a four or five-inch pot.

Odorus, Single

—A bright yellow perianth, deeply lobed and very fragrant. Price, 1 cent each, 10 cents per dozen.

Odorus, Double

Flowers full, double and of a golden-yellow color; fragrant. Price, 3 cents each, 30 cents per dozen.

Campanelles,

Major Odorata—The best of the Jonquil section; perianth six-lobed, spreading and of a light yellow color. Price, 2 cents each, 20 cents per dozen.

Jonquils

NARCISSUS IN MIXTURE

For planting among shrubbery, in unused corners, or for naturalizing in grass, where they may remain undisturbed for years, these are, without doubt, one of the best hardy bulbs, coming into bloom early and supplying an unfailing source of cut flowers. Both the single and double sorts deserve extensive planting in every garden.

Single Varieties—Mixture does not contain the very cheapest sorts, but will be found very fine. Price, 20 cents per dozen, \$1.00 per hundred.

Double Varieties—A fine mixture. Price, 20 cents per dozen, \$1.00 per hundred.

POLYANTHUS NARCISSUS

OR NOSEGAY DAFFODILS

Beautiful, free-flowering, deliciously sweet-scented flowers of the easiest culture, suitable for forcing or for growing in water in the same way as the Chinese Sacred Narcissus. They bear tall spikes of bloom, with from six to twenty flowers each. Bulbs planted in the open border in October and November stand the winter with protection.

WHITE VARIETY

Paper White (Totus Albus)—(See cut.) Pure snow-white flowers in clusters. This variety is perhaps more largely forced for cut flowers than any other, millions of them being used for the large flower markets of the world. Price, 4 cents each, 40 cents per dozen.

Double Roman—Clusters of white flowers, with double citron-colored cups. It is very early, and grown principally and largely for forcing. Price, 4c each, 40c doz.

YELLOW VARIETIES

Staten General—Clusters of white flowers, with citron-colored cups, shading white; very early. Price, 8 cents each, 75 cents per dozen.

Gloriosa—Immense trusses of pure white primrose-colored cups; very early; splendid for force. Price, 5 cents each, 50c per dozen.

Grand Soliel d'Or—Rich yellow, with reddish-orange cups; a favorite bedding and cutting variety. Price, 5c each, 50c per dozen.

Mixed Polyanthus Narcissus—Price, 4c each, 35c per doz., \$1.75 per 100.

Narcissus Paper White

CROCUS THE FIRST FLOWERS OF SPRING

THE CROCUS is one of the first flowers of spring, and one of the best for blooming in the house during winter. Half a dozen bulbs may be planted in a pot, and will make a very pretty show. For garden culture plant bulbs two inches deep and two or three inches apart. They are so cheap and pretty they ought to be found in every garden in abundance. They bloom splendidly when planted on the lawn among the grass. They lift their bright heads up through the sod very early, and give the lawn a charming aspect. The sorts we offer are especially strong and fine. Price, 10 cents per dozen, 50 cents per hundred, by express at purchaser's expense; if by mail, 60 cents per hundred.

Cloth of Gold—Brightest golden-yellow.

Cloth of Silver—Beautiful silver.

Dandy—A light blue bordered with white.

Mont Blanc—Purest white.

Sir Walter Scott—Striped white and purple.

Mammoth Yellow—This grand Crocus produces ten to fifteen flowers to a single bulb; a very bright, beautiful golden-yellow. Great value for pot or pan culture in the house. A clump in the open ground will look like a sheet of beaten gold.

Purpurea Grandiflora—Extra large, dark purple.

Queen of the Netherlands—Of the purest white; large flowers and very free blooming.

MIXED CROCUS IN SEPARATE COLORS

Blue and Purple Shades

White Sorts

Striped and Variegated Sorts

Yellow Sorts

Mixed, All Colors

Price, 8 cents per dozen, 50 cents per 100, postpaid; 40 cents per 100 by express.

BERMUDA BUTTERCUP OXALIS

An unrivaled winter-flowering pot plant of easy culture, succeeding anywhere. This is the finest of all Oxalis. Strong, luxuriant grower, one bulb sufficient for a five or six-inch pot. Place in a cool, dark position for a few weeks to root thoroughly, then remove to a sunny window or conservatory. The flowers are of a large size, of the purest bright buttercup-yellow. Well-grown plants have produced as high as seventy flower stems at one time and over one thousand flowers in one season. Will usually bloom six weeks after planting. Price, 3 cents each, twelve for 25 cents.

THE NEW GIANT GRAND DUCHESS OXALIS

This is entirely new. There is no doubt about its being the grandest Oxalis, and one of the most beautiful and taking winter flowers it is possible to have. Blossoms immense, three inches across, borne well above the foliage and of the most lovely pink color; leaves large, clover-shaped and handsome. A most persistent bloomer, remaining constantly in flower from November to June. Surely one of the most exquisite and satisfactory of all winter-blooming bulbs. We have three colors to offer, bright pink, lavender and white.

Grand Duchess Pink—Enormous size, bright rosy-pink. Finest recent novelty, and has been widely advertised. It is one of the best and most beautiful flowers for winter.

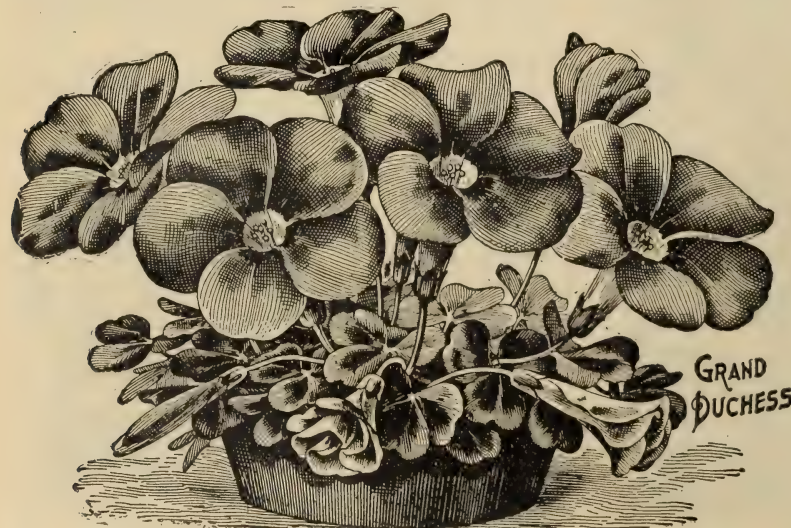

Grand Duchess White—New pure snow-white; a grand contrast to the above.

Lavender—A fine large flower of a unique lavender color. Plant has a branching habit, not so compact as the white or pink.

Price for each color, 4 cents each, three for 10 cents, twelve for 30 cents.

FRITILLARIA MELEAGRIS

Snake Head, or Turk's Cap—Very early flowering bulbs, suitable for garden or pot culture. In pots they bloom during January or February, and are very attractive. Price, 5 cents each, six for 25 cents.

TRITONIA

Exceedingly bright and free-blooming bulbous plants, highly valuable for both garden and pot culture. A half-dozen bulbs in a four-inch pot will in the autumn make a beautiful display, or the bulbs can be kept dormant and planted out in May, like Gladiolus, and then be lifted in autumn for winter blooming. They are greatly admired. Fine graceful sprays of soft, richly colored flowers, ranging from white, through salmon, orange and scarlet. It is very easily grown and sure to bloom. Treat like the Freesia.

Crocata—Mixed colors; many beautiful sorts. Price, three for 10 cents, 25 cents per dozen.

Double Yellow Buttercup Oxalis

This is exactly like the lovely Buttercup Oxalis except that the flowers are as double and perfect as a Rose. It continues in flower all winter. Fine true bulbs. Price, 5 cents each, three for 15 cents, twelve for 50 cents.

Oxalis, Lasiandra—The tallest grower; should be planted in the center; flowers large, bright rosy-pink, leaves bright green and much divided. Price, 2 cents each, twelve for 20 cents.

Oxalis, Diepi—Pure white blooms; dense, handsome dark green foliage, marked with black. Price, 2 cents each, twelve for 20 cents.

Oxalis, All Colors Mixed—A splendid mixture of all colors. The price is so low that at least a few should be included in every order. Price, 1 cent each, twelve for 10 cents.

BABIANAS

A charming genus. Darkest green leaves, thickly covered with downy hairs, and bearing showy spikes of flowers; rich self colors are the striking contrast of very distinct hues in the same flower. They vary from richest carmine to the brightest blue; sweet scented. Not hardy north of Washington, and should be grown in pots. Five or six bulbs in a five-inch pot make lovely and useful specimens. Mixed varieties, two for 5 cents; 25 cents per doz.

Lily of the Valley

Scilla Sibirica, Star Hyacinth

Scilla Sibirica is one of the loveliest spring flowers. It has a color almost as deep as the sky itself. It is quite hardy and flowers out of doors at the same time as the Snowdrop, in front of which it has a charming effect. If planted in pots and kept indoors it may be had in bloom as early as Christmas. Its magnificent, bright blue color makes it suitable for any decoration whatever. Price, 2 for 5 cents; 25 cents per dozen.

Ornithogalum Arabicum

The Star of Bethlehem

A winter blooming bulb of great beauty and value. In magnificence there is nothing like it among the winter blooming bulbs or plants. Even the grand Hyacinth must be preceded by the stately beauty of this flower. It is a native of Arabia. The bulb is large and solid, closely resembling that of a Hyacinth, and requiring exactly the same culture. Leaves long and narrow. The flower spikes are eighteen to twenty-four inches high, strong and graceful, bearing an immense cluster of large pearly white flowers, having a jet black center. The individual flowers keep many weeks before fading, so that for more than a month this grand spike of bloom is in full glory. Its durability is almost without an equal among flowers. Add to this its delicate aromatic fragrance, and we have a winter bloomer almost without a rival. Its culture is the easiest, as it will grow in any position in any window. A bulb can be planted in a four-inch pot or several in a larger pot or box. Pot in September, October or November. They can even be kept and planted as late as February 1st. For open ground culture they do well if kept from freezing severely. Price, 5 cents each; 6 for 25 cents.

ORNITHOGALUM UMBELLATUM, STAR FLOWER

A superb bulb for winter blooming in pots, or for the garden. Perfectly hardy, and blooms early in spring. Flowers star-shaped, pure white, and borne in clusters. For pots it blooms a long time in midwinter and is very attractive. Try it by all means, both for garden and for pots; it will be sure to please you greatly. Price, 3 cents each; 2 for 5 cents; 12 for 20 cents.

Ornithogalum Arabicum

Berlin Lily of the Valley

No flower is more tenderly loved than this. Its graceful waxen bells are filled to overflowing with the most delicious perfume, and set among its own glossy green leaves, it is indeed the gem of the garden. It succeeds in the open ground in almost any situation, but prefers a somewhat moist location. A top dressing of well rotted manure or rich soil in the autumn will be found a great benefit. For house culture they are invaluable and easily managed. Place rather thickly in pots or boxes, scattering a light soil or turfy loam among the roots, but not over the tops, then cover with moss or some such substance, and place outdoors until a sharp frost, when they should be brought indoors and given plenty of heat and considerable moisture. Take care to keep them shaded from the hot sun with cloth until the stems are two or three inches high, when the shading should be removed to develop the flower. They make a charming sight, when grown in large patches, in partially shaded localities around the lawn, near the borders of streams, lakes, springs, etc.

PRICE—For the Berlin Large Flowering Lily-of-the-Valley, 2 for 5 cents; 5 for 10 cents; 12 for 25 cents. Ready in November for shipment.

Chionodoxa Luciliae--Glory of the Snow

One of the most lovely flowering spring bulbous plants ever introduced, producing spikes of lovely azure blue flowers, with pure white centers. It is one of the earliest of all flowers, blooming before the Crocus, and sure to be more than satisfactory to those who plant it. For winter blooming this bulb is also lovely. Price, strong home grown bulbs, 3 cents each; 12 for 30 cents.

Giant Snowdrops

Beautiful dwarf, white flowers, pushing up through the snow in the spring, a habit from which arose this name. They are lovely little blossoms, and should be found in every garden. Indoors they are equally pretty, and easily brought into bloom. Being dwarf, they are usually planted along walks or the margin of beds. The Giant Snowdrops we offer are much superior to the common varieties, producing large flowers. (See cut).

GIANT SNOWDROP—Price, 1 cent each; 10 cents per dozen.

GIANT DOUBLE SNOWDROP—Price, 2 cents each; 20 cents per dozen.

FREESIA REFRACTA ALBA

No description can do adequate justice to this beautiful plant. The flowers are two inches long and about the same in width, shaped like miniature Gladioli, and borne in clusters of six to ten on depressed horizontal scapes. The body of the flower is pure white, with lower segments spotted lemon-yellow. The perfume is delicious, being a mixture of Mignonette, Violet and Jasmine, and one plant is sufficient to perfume a large room, without the overbearing perfume of Hyacinths and Tuberoses. The plant has tooth-shaped bulbs and flat, spreading leaves. Its cultivation is of the simplest character, requiring only to be potted early in September or October, to be watered sparingly at first, then placed in a sunny window and watered more as growth progresses. When out of flower, store in some cool place, and report at proper season in fresh soil for another year's growth. (See cut.) Price, two for 5 cents; five fine bulbs for 10 cents, twelve for 20 cents; mammoth bulbs, 5 cents each, twelve for 40 cents.

The New Yellow Freesia,

FREESIA LEICHTLINI MAJOR

Light primrose color; very vigorous in growth; abundance of splendid flowers. Price, three for 10 cents, twelve for 25 cents.

IXIAS AND SPARAXIS

These are among the most beautiful and hardy bulbs, and when expanded in the sunshine the rich, varied and beautiful colors of their flowers present a picture of gorgeous beauty. For pot culture the most suitable soil is equal proportions of turfy loam, leaf mold and sand. Plant five or six bulbs in a five-inch pot, have the pots well drained, and plant the bulbs firmly about an inch deep. Set in a cool place, and water sparingly until considerable growth is made, after which remove to where they are intended to bloom.

Ixias—All colors mixed. Price, 1 cent each, 10 cents per dozen.

Sparaxis—All colors mixed. Price, 1 cent each, 10 cents per dozen.

Freesia Refracta Alba

IRIS—FLOWERING FLAG—FLEUR-DE-LIS

Hardy blooming plants, bearing large, rich and various colored flowers. They are of easy culture, and thrive in any good garden soil. They are perfectly hardy without protection, and require but little care. All the varieties can be forced to early bloom in the house, and make a cheerful display.

IRIS SUSIANA—The Mourning Bride Iris

Among all flowers there is hardly one of such oddity and striking beauty. The bloom is of enormous size, and in describing it we say "it is chocolate, black mottled, beautifully veined with grayish-white," yet from this no one can form a correct idea of how the plant looks. It is indescribable, and the planter will be surprised when he sees it. It is perfectly hardy, and blooms in May. In July the foliage dies down, and the bulbs lie dormant until late fall or the next spring. Try it, and when it blooms you will undoubtedly pronounce it the most beautiful flower in your garden. Ready in November. Price, 15 cents each, two for 25 cents.

IRIS ENGLISH

Large flowers; rich blue shades predominate; mixed. Price, 2 cents each, six for 10 cents.

IRIS HISPANICA—The Rainbow Flower

Magnificent plants, with Orchid-like flowers, for pots and the hardy garden. They bloom early and profusely, and are exceedingly showy. The colors are brilliant, and cover a large range of different shades and combinations. Four or five bulbs planted in a five-inch pot make a beautiful display for a long time in winter, and are absolutely sure to bloom well in any situation treated like Hyacinths. In the open ground they are perfectly hardy, increase rapidly, and make a magnificent display. It is really one of the most satisfactory of all Holland bulbs, and as they are very cheap we advise our customers to plant them largely, both for winter blooming and in the garden. Price, three for 5 cents, twenty for 25 cents (just enough to fill three or four pots), 75 cents per hundred.

IRIS GERMANICA—(German Iris)

The true "Fleur-de-Lis," the national flower of France. They are perfectly hardy, thrive anywhere, grow and bloom luxuriantly, particularly if plentifully supplied with water or if planted in moist situations, as on banks of ponds, etc. Plants well established produce from fifty to one hundred spikes of bloom, deliciously fragrant and fine for cutting. In beauty the flowers rival the finest Orchids, colors ranging through richest yellows, intense purples, delicate blues, soft mauves, beautiful claret reds, white, primrose and bronzes of every imaginable shade. We offer six distinct varieties. Price, 10 cents each, six for 50 cents.

PEACOCK IRIS—Iris Pavonia

An exquisitely beautiful small variety. Flowers pure white, with a blue triangle on each petal. Price, 3 cents each, 35 cents per dozen.

THE BEAUTIFUL IRIS KAEMPFERI

Japan's Most Glorious Flower—It is perfectly hardy. Produces a dozen flower spikes three feet in height, each spike bearing from two to four enormous blossoms eight to ten inches across and of the most delicate and beautiful colors, markings and combinations. Price, 20 cents each, set of eight fine sorts for \$1.25 net.

Gekka-no-nami (Waves on Moonlight)—Large double white, center gold and yellow.

Kumoma-no-Sora (Sky Amidst the Clouds)—White edged and flushed with blue, center banded yellow.

Kumo-no-obi (Band of Cloud)—Crimson-amaranth, shaded lighter; lavender center, with base of gold.

Geisho-ui (Gown of Fairy)—Deen mahogany-red, base of petals lighter.

Kuma-fungin (Excited Bear)—Large deep violet-blue; very fine.

Senjo-no-hora (Bottomless Cave)—Blotched and veined violet-red, center of purple and gold.

Shichiukwa (Flower in Wine)—White, bordered reddish-amaranth, center flushed gold.

Iso-no-nami (Shallow Waves)—Fine porcelain-blue, blotched deeper; center rosy-lilac flushed with gold.

Iris Kaempferi, Seedlings Mixed—The rainbow hues of these grand flowers rival the finest Orchids. Deemed worthy by the kings of France to be placed on the royal banner. Improved varieties. Price, 10 cents each, three for 25 cents.

Iris Kaempferi

*Allium Neapolitanum*

ially adapted for a house plant. Bulbs can be potted when convenient during the fall, and treated like Hyacinths in pots. Looks like a bunch of new firecrackers. Every order should contain this nov-

AMARYLLIS FORMOSISSIMA Jacobean Lily

The Beautiful Scarlet Mexican Lily, the "Sacred Flower of the Aztecs."—A quaintly shaped, beautiful flower of grand dark scarlet, free blooming; forces well, and can be grown in water like Hyacinths; if the bulbs are kept dry during winter they can be planted in the open ground in the spring, and will flower during summer. Price, 10 cents each, three for 25 cents.

ATAMASCO LILIES Or Zephyranthes

Are among our most beautiful dwarf bulbous plants, effective for planting out in masses in May, flowering in profusion during summer. Suitable for pot culture. Six to twelve bulbs clustered in a six-inch pot in autumn will give a fine display during winter. Colors, white and rose. Price, 5 cents each, 50 cents per dozen.

CAMASSIA

The "Quamash" of the Indians

Perfectly hardy, thriving in sheltered and partially shady situations. Handsome and valuable for flower borders. The stout flower stalks grow from two to three feet high and bear twenty or more large blue flowers each two inches across. The flowers are fine for cutting. Price, three for 10 cents, 25 cents per dozen.

Erythronium Grandiflorum

(Giant Dog's Tooth Violet)

A beautiful large-flowering variety, perfectly hardy. The foliage is charmingly variegated, and a mass of fifteen or twenty plants is a pretty sight, even when not in flower, but when the graceful flowers are in bloom the effect is matchless. The plants luxuriate in rather moist, partially shaded positions, and do very nicely when grown in pots or frames and brought into the conservatory or window garden for winter blooming. This variety bears from six to twelve yellow or cream-colored flowers on stems twelve to eighteen inches high. Bulbs should be planted soon after being received, as they suffer if allowed to remain dry. Price, 5 cents each, three for 10 cents, 30 cents per dozen.

Tritileia Uniflora

This is one of the choicest additions to winter-flowering bulbs that has been offered in many years. The bulbs are small, and several can be placed in a pot, each one of which will send up several flower scapes, bearing star-shaped blossoms one inch in diameter, pure white, elegantly lined with celestial blue. As the flowers follow each other successively, and last a long time before fading, a pot of these bulbs is never without flowers for several months in midwinter. They are also quite hardy, and can be planted in the open ground, where they will bloom elegantly in the early spring. We earnestly advise all lovers of flowers to plant this beautiful gem. It is sure to delight you. It is of the easiest culture, and always sure to thrive. Price, fine bulbs, 2 cents each, six for 10 cents, twelve for 15 cents.

RANUNCULUS--Fair Maids of France

This class of bulbous plants is among the finest of all flowers. The French Ranunculus especially are distinguished by great strength, size and beauty. They attain a height of from ten to fifteen inches, and the hues and colors of their many varieties, varying from pure white and yellow to bright vermillion and crimson, are really beautiful. The Persian Ranunculus are a little smaller than the French, and also more dwarf. However, their colors are as fine and exhibit the most beautiful shades, and are of the most graceful form. The Turban, or Turkish Ranunculus, differ very much from each other, and display lovely Oriental beauty of coloring. Can be grown easily in pots or out of doors if protected.

French Ranunculus—Price, 1 cent each, 10 cents per dozen.

Persian Ranunculus—Price, 1 cent each, 10 cents per dozen.

Turkish Ranunculus—Price, 2 cents each, 20 cents per dozen.

ANEMONES, The Dewey Wind Flower

Very beautiful and brilliant spring-flowering bulbs, which should be found in all gardens. They possess a beautiful range of very fine colors, such as brilliant scarlet, red, blue, rose, striped, carnation, etc. For pot culture they are very fine indeed, and succeed best if left in the same pot year after year, without removing or disturbing.

Single—All colors, mixed. Price, 1 cent each, 12 for 10 cents.

Double—All colors, mixed. Price, 2 cents each, 12 for 20 cents.

The Floral Firecracker---Brodiaea Coccinea

This distinct variety is well named. Entirely unlike anything else, and will please all who like new and striking flowers in their windows. Spec-

Amaryllis Formosissima,
The Scarlet Mexican Lily

ALLIUM NEAPOLITANUM

Indispensable, its pearly-white blossoms lasting so long, and its long stems and airy grace fitting it for all cut-flower work. Sure to bloom and daintily pretty. It is hardy out of doors in a sheltered location, but indoors is one of the easiest of all bulbs to grow. Three or four bulbs can be placed in a four-inch pot. Stems rise to a height of eighteen inches, bearing beautiful umbels of starchy flowers that remain perfect for a month or more. Many of the trusses bear over one hundred flowers. We offer very large selected bulbs that will produce a wonderful amount of bloom. Price, 2 cents each, 20 cents per dozen.

SPRING SNOWFLAKE (Leucojum Vernum)

Produces flowers like monster Snowdrops. Very graceful in growth, having the delicate fragrance of the Violet. It is one of our earliest spring flowers, with white blossoms distinctly tipped green, handsome in outline and prized for bouquets. They should be grown in quantities in the borders or in spots on the edges of shrubbery, where they are beautifully effective, and when established produce enormous quantities of flowers. They can also be slowly forced in pots for winter bloom. Price, 3 cents each, six for 15 cents, twelve for 25 cents.

THE BEST LILIES FOR PLANTING

"The fairest of all things that blossom and grow,
Sweet as the summer and pure as the snow,
Is the Lily, that tells,
Like the glad Easter bells,
Once more the sweet story which all hearts should know."

THE PEERLESS

Bermuda Easter Lily

The Grandest Winter Flowering Bulb

Lilium Harrisii is one of the most superb Lilies known, and one of the finest varieties in existence for house decoration, and should be included in every collection. The plant, while in full bloom, is lovely beyond description; it is of neat and graceful habit, the flowers are pure white and delightfully perfumed. As a window plant it is unexcelled and decidedly effective. In cultivating the Easter Lily none should anticipate failure if the directions given on this page are adhered to, as the plant is a vigorous grower with ordinary attention.

CULTIVATION.

In order to get the best effects a rich soil is required; this can usually be obtained in the yard or garden. The pot or box to be used should be not less than six inches in depth; place about two inches of broken crockery or coal cinders at the bottom in order to secure free drainage; fill loosely with soil to the top, and after planting the bulb water moderately and put away in a cool place until the roots begin to form, when it should be transferred to the sitting-room and given a warm and light exposure.

They should flower in and about three months from time of planting.

This Lily may be planted outside, and is hardy in the Southern States, and will survive the Northern winters if protected with a covering of leaves or other litter.

Price, popular size, producing 3 to 6 flowers, 10 cents each, 12 for \$1.00; larger bulbs, 15 cents each, 4 for 50 cents; extra large bulbs, averaging 10 to 15 flowers, 25 cents each, 6 for \$1.

LILY SPECIOSUM RUBRUM

This is one of the most popular and satisfactory of all Lilies and is considered by many as the finest of all Lilies. The flowers are bright crimson and white spotted. Splendid large flowers borne in clusters; stem two to three feet. Price, 20 cents each, three for 50 cents.

LILYUM TIGRINUM fl. pl.

(Double Tiger Lily.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color, deep fiery red, spotted with black; any illustration gives but a faint idea of the showiness of this superb Lily. Price, 10 cents each, three for 25 cents.

LILYUM SPECIOSUM MELPOMONE

Flowers very large and very abundant, of rich blood-crimson, heavily spotted. Price, 20 cents each, three for 50 cents.

LILY AURATUM. The Golden Banded Lily

Of the many Lilies we owe to Japan, none can compare with the great Golden-Banded Lily. It is the grandest of all Lilies for growing in the open ground or in pots; entirely hardy, lasts for years, increasing in size and beauty each season. Stalks three to six feet high, crowned with masses of splendid white and gold flowers four to six inches in diameter. The odor is fascinating. We offer fine, strong bulbs, sure to bloom, standard size, fine quality. Price, 20 cents each, 3 for 50 cents.

LILYUM SUPERBUM

(Turk's Cap Lily.) One of our native species. When established in good, rich soil, it will produce upwards of fifty beautiful orange, tipped red, spotted flowers in a pyramidal cluster, three to five feet. Blooms in July. Price, 15 cents each, four for 50 cents.

SPECIAL OFFER—For \$1.25 we will send free by mail the entire set of 10 Hardy Lilies. This is a great offer. Don't fail to try this fine collection.

NOTICE The above varieties of Lilies, except the Harrisii and Candidum (which are ready for shipment in September), cannot be sent out before the last of October to the middle of November. When ordered with other bulbs they will be booked and forwarded as above.

The Easter Lily

LILY PARDALINUM (Leopard Lily)

Rich scarlet and yellow flowers, spotted with rich brown. Robust and free flowering. A superb Lily, and one which will give the greatest possible satisfaction. Succeeds in all situations. No garden complete without it. Price, 15 cents each.

LILY SPECIOSUM MONSTROSUM ALBUM

Among the showiest of all Lilies, and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy, with broad, flat stems and immense heads of pure snow-white flowers, often fifty flowers in a cluster. No Lily garden complete without them. Price, 20 cents each, three for 50 cents.

LILYUM LONGIFLORUM

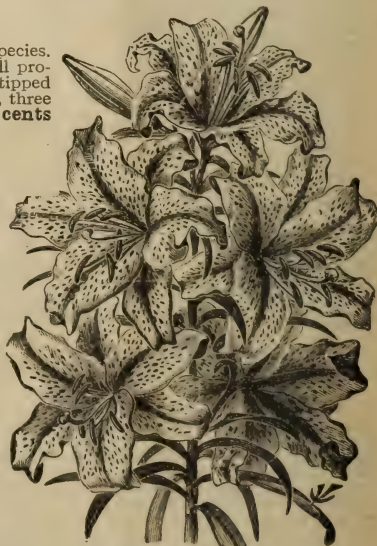

Resembles the Bermuda Easter Lily; flowers larger and lasting longer in bloom; quite hardy and beautiful in open ground. Price, for extra large bulbs, 20 cents each, 3 for 50 cents.

LILY CANDIDUM

(The Madonna, or Annunciation Lily.) This Lily is the emblem of purity. The deep lemon anthers contrast beautifully with the wax-like petals. Delicious fragrance, never oppressive. One of the best Lilies to grow in the house or outside. Perfectly hardy. Price, 15 cents each, four for 50 cents.

OUR "SURPRISE" COLLECTION OF BULBS

\$3.00 OR \$4.00 WORTH OF THE CHOICEST BULBS FOR ONLY \$1.00.

We are obliged to import large stocks of all kinds of bulbs, generally more than is necessary, to make sure of having enough. In November we will take this surplus stock of various good things, make it into "Surprise" Collections, and offer same to our customers, giving them four or five times the value of their money. In fact, the "Surprise" is the greatest amount of fine Bulbs one gets for the money paid. These collections cannot be sent out until the 15th of November, and will be entirely of our own selection, from kinds of which we have a surplus. No collection will be made up for less than one dollar, and from that up to any amount the purchaser may desire. They will be sent free, by mail, unless desired by express, and in that case we can send very much more for the money than by mail. All "Surprise" Collections ordered previous to November 15th will be booked and shipped then, but we continue sending them up to the last of December.

Roses For Fall Planting

We recommend fall planting of Roses in the Gulf and Pacific States, and in all the Southern States where the Tea Roses live out during the winter without protection. Thus you can avoid the hot droughts of summer so detrimental to their production and successful culture.

OUR "GEM" COLLECTION OF TEA ROSES

— FOR ONLY 25 CENTS —

For only 25 cents we will send this charming "Gem" Collection of Ever-blooming Tea Roses. This is the biggest bargain you ever saw. Large two-year-old size, 25 cents each, or the entire "Gem" Collection for \$1.00, postpaid. We cannot make the slightest change in this Collection. Price, 10 cents each.

Souvenir d'un Ami—The color is a deep rosy-flesh, beautifully shaded with rich carmine; edges and reverse petals silver-rose; clear and bright; a Rose that will please the most exacting.

Jules Finger—A magnificent Rose, elegant and valuable; extra large and fine double flowers, which are full and sweet; the color is a bright rosy-scarlet, shaded beautifully with intense crimson, of vigorous growth and a free bloomer.

Louis Richard—A superb Rose, imported from France; extra large, splendid full form, very double; delicious tea scent; color rich coppery-rose, changing to buff, shaded with carmine, center sometimes brilliant rosy-crimson.

Cornelia Cook—Buds of immense size, borne up high on massive stems, and with their round, full, heavy form carrying an air of grace and dignity quite unusual; the flowers are of the clearest, snowiest white.

Madame Caroline Kuster—Bright lemon-yellow; very free flowering. When its wood has once been hardened it bears buds as large and handsome as Marechal Niel.

Countess Eva Starhemberg—An exceedingly sweet and daintily beautiful Rose, resembling in its exquisite color the delicate tinting seen inside the fairest, deepest sea shells—rosy-flesh, bathed in golden amber. It has immense egg-shaped buds, broad shell-pink petals, large, full flowers of beautiful form; free flowering, and a great favorite for wearing.

OUR "DEWEY" ROSE COLLECTION

Like Its Namesake, It Will Capture Every Lover of the Most Beautiful of All Flowers, the Rose

TEN CHOICE NAMED ROSES FOR ONLY FIFTY CENTS, BY MAIL POSTPAID
PRICE 10 CENTS EACH; THREE FOR 25 CENTS

Our Roses are grown on their own roots, and will grow and bloom at once, either planted in the open ground or in pots. They are of hardy constitution, and true ever-blooming varieties or fragrant monochromes.

We cannot make any change in this Collection whatever. Even if you should have one or two of the varieties named, you can dispose of them to your neighbor for more than double the price.

Archduke Charles—Rich, bright red, large, full and double; early and constant bloomer; very hardy and good.

Bridesmaid—A lovely new Tea Rose worthy its name. A sport from the well-known Catherine Mermet; pointed buds and long stems; lovely pink.

Duchesse de Brabant—In this variety we have a combination of rich and peculiar coloring, delightful perfume and a remarkable profusion of bloom and foliage; color light rose, with heavy shading of amber and salmon; very hardy.

Golden Gate—Remarkable for the size, fullness and brilliant color and combinations of its blossoms. Color light yellow, bordered with china-rose, deepened at base of petals; large, full bloom of beautiful and very rich colored pink; very fragrant; free blooming, robust in growth.

Madame Lombard—A first-class bedding Rose; extra large, full flowers, very double and sweet; color a beautiful shade of rosy-bronze, passing to salmon and fawn, beautifully shaded with carmine; an elegant Rose, of vigorous habit and growth; very free and constant bloomer.

Meteor—We have no red Rose that is better for general purposes or that gives as many perfect shaped flowers on nice long stems; the color is rich velvety crimson, exceedingly bright and

attractive; the plant is of vigorous growth and very free flowering; a constant bloomer; fine for summer bedding or pot culture.

Ruby Gold—The color is a tawny shade of yellow, bordering on old gold, through which run veins of rosy-red and pink. It is difficult to describe the rich crimson—not unlike burnished copper—which lights up the center of the flower.

Star of Lyon—This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late; the flowers are very deep, rich and full, excellent substance, very sweet; one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold.

Safrano—An old favorite. Bright apricot-yellow, changing to orange and fawn, frequently tinted with rose. Desirable for outdoor planting, and much prized for its fragrance and nicely shaped bloom.

The Bride—A pure white Rose of perfect form and extra large size; the buds are long and pointed, very handsome, while the flowers open beautifully and full; delightfully scented; the most popular white Tea Rose.

The Hermosa Family of Perpetual Blooming Roses

Price, 10 cents each; large two-year-old plants, 25 cents. The best for house or garden culture. Constantly in bloom.

SPECIAL OFFER—We will mail the four Hermosas, one of each, for 25 cents; the set in two-year-old plants for 75 cents.

Hermosa, the Old Favorite—Everybody knows this famous variety, and it will always be popular. It is hardy as an oak, and always covered with its clear pink blooms; there is not a shade or color of any kind to mar its purity.

Red Hermosa—Identical with the old favorite Hermosa, except that the color is a bright red. All who know the Hermosa are familiar with its many good qualities—hardiness, free blooming, etc. Red Hermosa is just as fine.

Yellow Hermosa, or Coquette de Lyon—This is a most charming yellow Tea Rose; a grand grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa.

White Hermosa, or Marie Lambert—Pure white. It has been called Hermosa, as it resembles Hermosa in form and freedom of bloom and is quite valuable for its persistence in bloom.

THE COCHET FAMILY OF EVER-BLOOMING TEA ROSES

Probably the finest and best set of Roses in existence today. Every person can grow the Cochet Roses. They will give absolute satisfaction to all from the day they are planted, and will produce hundreds of flowers during the season. The Cochets give bouquets ever day. Whenever fine Roses are wanted this family should be planted.

Miss Helen Good, The Beauty Cochet—This is a true Cochet Rose and after two years' trial in the garden we pronounce it as good if not better than any Rose for the garden ever sent out. The color is a delicate yellow, suffused with pink, each petal edged deeper, very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced and we are proud to have brought it out. Be sure and try it. **Price, 20 cents each, three for 50 cents; two-year-old plants, 50 cents each.**

Pink Maman Cochet—The flowers are of enormous size, very full, and of great depth and substance; color rich coral-pink, elegantly shaded with rosy-crimson; has broad, thick, shell-like petals, and makes superb, long, pointed buds; immense bloomer, continues loaded with buds and flowers the whole season; deliciously sweet, and a hardy, vigorous grower. **Price, 10 cents each; fifteen fine one-year-old plants for \$1.00, postpaid; two-year-old plants, 25 cents each.**

Red Maman Cochet (Helen Gould)—It is a healthy, vigorous grower; flowers are extra large, perfectly double and deliciously sweet; color bright, rich crimson, elegantly shaded and exceedingly beautiful. **Price, 10 cents each; two-year-old plants, 25 cents each.**

Tulip Cochet (Souvenir de Pierre Notting)—It has a sturdy, healthy habit of growth, with beautiful foliage; not sus-

ceptible to disease; the flowers are very large, perfectly double and of elegant form; the bud is long and beautiful; the colors are bright, distinct and clear; a beautiful, rich golden orange-yellow, the edges of the petals bordered with carmine-rose. **Price, 10 cents each, three for 25 cents; large two-year-old plants, 25 cents each.**

White Maman Cochet—A splendid Rose; has all the good qualities of Maman Cochet, but is pure snow-white; equally large and fragrant, hardy and productive. One of the very best pure white hardy ever-blooming Roses for bedding in lawn or garden. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

Yellow Maman Cochet (Madame Matrat)—A new and beautiful hardy Tea Rose, throwing up fine strong stems bearing large individual buds of grand size and beautiful sulphur-yellow; flowers perfectly double, splendid form and freely borne. One of the finest yellow bedders ever offered, and equally as valuable as Maman Cochet. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

SPECIAL OFFER—We will send you the six members of the Cochet Set, or Family, by mail, postpaid, for 50 cents; in large two-year-old plants for \$1.50.

THE FAMOUS LA FRANCE FAMILY OF EVER-BLOOMING ROSES

RED, WHITE, STRIPED, PINK, CRIMSON AND YELLOW, SIX VARIETIES FOR 50 CENTS

The La France Roses are certainly the nearest perfection of flowers, and nothing can compare with them in the eyes of the true Rose lover. A distinctive characteristic of this set is the true La France fragrance, by which every one may be known.

SPECIAL OFFER—For 50 cents we will send the set of Six Hardy Ever-blooming La France Roses, or three Sets for \$1.25; or the set in large two-year-old plants for \$1.50, two sets in two-year-old size for \$2.50. In ordering, say the "La France Set."

White La France—It is identical with La France, except the color. It is pearly-white, sometimes tinted fawn. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

Pink La France—Undoubtedly the most perfect type of a cut-flower Rose; elegant foliage. No variety surpasses it in delicate color—silvery rose, shaded pink; large, keeps well, and of distinct, pervading fragrance. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

Striped La France—Imagine a lovely Rose with the shape and fragrance of La France, of a rich creamy-pink, with a silvery gloss, growing deeper at base of petals, the whole beautifully etched and streaked with delicate carmine. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

Red La France—Of a deep rosy-pink hue. The flowers are produced in wonderful profusion upon long stems, are very large,

double and of superb form. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

La France de 1889 (Crimson Hybrid Tea Rose)—One notable peculiarity of this variety is its long, elegant buds, while expanded flowers are of immense size. Color very nearly scarlet. The brightest and most brilliant Rose we know. **Price, 15 cents each; large two-year-old plants, 30 cents each.**

Yellow La France (Madame Pernet Ducher)—A charming Rose, and a new shade in this section, being the first with a distinct yellow coloring. Outside petals are sulphur-yellow, and assume a deeper shade toward the center, with polished, glittering surface, like a Water Lily. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

OUR "CHRISTMAS" COLLECTION OF TEN VERY VALUABLE EVER-BLOOMING WINTER ROSES FOR 50 CENTS

We have made a selection of the very best Roses for winter blooming, embracing a wide range of color. We can commend this Collection to all who desire to grow Roses in the house during the winter.

PRICE, 10 CENTS EACH, THREE FOR 25 CENTS; LARGE TWO-YEAR-OLD SIZE, 25 CENTS EACH, OR THE ENTIRE SET OF "CHRISTMAS" ROSES FOR \$1.50.

Beaute Inconstante—A wonderful new Rose; various colors, from crimson to light pink, with shades of tawny red, orange chrome and deep rose.

Bridesmaid (New)—The most elegant pink Rose; very large, buds extra fine; one of the sweetest and very best for cutting for bouquets.

Champion of the World—It is the champion bloomer; it commences to bloom as soon as started to grow, and continues to bloom in profusion both winter and summer; a rich, deep rosy-pink or flesh color.

Clothilde Soupert—The best of all Roses; literally loaded with bloom at every stage of growth; color beautiful pinkish-amber, flushed with silvery-rose, with shades of salmon.

General Robert E. Lee—This Rose, which we introduced the past spring, will produce more beautiful Roses in the winter than any Rose we grow—a small bush will produce hundreds of blooms; color orange-yellow, very rich and beautiful; extra fine.

Isabella Sprunt—A bright canary-yellow; large, beautiful buds, suitable for cut flowers; very sweet tea scent; profuse bloomer—freest blooming of all yellow Roses; has been a favorite in all gardens where good yellow Roses are grown for the past twenty years; none better.

Ivory, or White Golden Gate—A fine bedding Rose and a grand Rose for cutting; it is of the largest size, and retains its purity of color in the garden in all kinds of weather; its extraordinary freedom, large size, purity of color, are indispensable to those who grow white Roses.

Kaiserin Augusta Victoria—A royal Rose in every respect, and is still unsurpassed in beauty; extra large, finely formed flowers, borne singly on strong, upright stems; very deep, full and sweet; color pure white, shading to lemon; a free and constant bloomer; one of the finest new Roses introduced for many years.

Papa Gontier—Grand Red Tea; fine crimson shade, silken texture (distinct from velvety texture); bud of fine size, graceful form; extremely free growth and bloom; long, beautifully leaved stems can be cut, foliage being very dark and heavy; one of the best and a perfect bedder.

Star of Gold—This is the best all-round deep golden-yellow Tea Rose that is grown; the buds are very large and shapely, while the flower is double to the center, and it is a deeper golden-yellow than Marechal Neil. Don't fail to try it.

Our Ideal List of Superb Ever-Blooming Roses

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year, from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring and delightful fragrance. Hardy everywhere in open ground with protection of litter, leaves, evergreen boughs or similar material. Plant liberally of one-year-old-Roses; the harvest of bloom they give the first year compensates for the trifling outlay. Anyone can succeed with them.

WE KEEP THE BEST AND DISCARD THE REST.

Price, 10 Cents Each; Any 3 of Your Selection for 25 Cents; Any 15 Varieties for \$1.00.

Large two-year-old Roses, 25 cents each; any five of your selection, \$1.00. Eight two-year-old Roses, of our selection only, for \$1.00, postpaid.

Zelia Pradel—A pure white variety, full and sweet.

THE VIOLET-SCENTED LADY BANKS, OR BANKSIA

These are fine climbing or trailing Roses for the South or where the winters are not too severe. They require two years growth to bloom to perfection, and are then very beautiful. Flowers are produced on the old growth; prune very little, cutting away only what is absolutely necessary. Flowers resemble a double cherry blossom; produced in large clusters and have a decided violet perfume.

White Banksia—A pure untinted white. 10 cents each.

Yellow Banksia—Rich golden-yellow. 10 cents each.

THE NEW JAPANESE "CHERRY BLOSSOM" ROSES

SPECIAL OFFER—The Ten Rambler Roses, all Different Colors, for only 75 Cents. The Set of Ten in Large Two-Year-Old Plants, postpaid, for \$2.00. Price, 10 cents each, three for 25 cents; large two-year-old plants, 25 cents each.

Crimson Rambler—An exceedingly vigorous, rapid grower, making shoots 10 to 20 feet in height in one season; large trusses of flowers, pyramidal in form and in color a rich glowing crimson; perfectly hardy. No yard or garden in the land should be without Crimson Rambler.

Philadelphia Crimson Rambler—It is a very profuse bloomer and a good, healthy grower, producing splendid clusters of perfectly double and intensely brilliant flowers, free from the faded appearance so frequently seen in the flowers of the ordinary Crimson Rambler.

Queen Alexandra (New). The English Rambler—It is a beautiful shade of reddish rose-pink, has the true Rambler foliage and growth.

White Rambler (Thalia)—The flowers of White Rambler are the size of a silver quarter, partly filled, very fragrant, and in color pure white, sometimes tinged with blush; they are borne in clusters.

Dorothy Perkins—Exceedingly hardy. The flowers are borne in clusters, very double and very free bloomers, with prettily crinkled petals; remarkably pretty pointed buds, beautiful clear shell-pink in color, lasting a long time without fading.

Yellow Rambler (Aglaia)—A great hardy climbing yellow Rose, and as such is almost indispensable; deep golden-yellow and very fragrant.

Lady Gay (New.) The color is as exquisitely beautiful as the varying pink and pearl tints in a sea shell. Won medals and honors wherever exhibited. Price, 15 cents each; large two-year-old size, 50 cents each.

Pink Rambler—Pink Rambler possesses the same valuable features found in the White Rambler; large trusses of brilliant light carmine flowers; very popular.

Farquhar—The Boston Rambler. This variety makes a growth of 20 to 25 feet in a single season; has bright, glossy green foliage; perfectly hardy; bears magnificent clusters of bright pink double flowers on long stems.

Psyche—The Souperet Rambler. In growth and habit it resembles Crimson Rambler. Flowers produced in clusters of eight to thirty-five, and are two to two and one-half inches across when fully expanded; color is white, with delicate pink center and with yellow base to the petals. A grand Rose.

Beautiful and Fragrant Winter-Blooming

CarnationPinks

12 Grand Varieties for \$1.00 Postpaid

Next to Roses we place Carnations as being the prettiest and sweetest flowers grown. They are especially adapted for winter flowers, and for winter-blooming the Carnation is as easily grown as a Geranium and equally satisfactory. Plant in good soil, give plenty of water and drain well. Let the plant be cool at night. A forty to fifty degree temperature is about right. Keep the dead foliage picked off. They will bloom continually throughout the winter. Fine plants can be sent by mail; by express we can send larger plants, and they arrive in better condition. Remember, we offer fine, large field-grown stock, which should be grown in five and six inch pots or boxes. They quickly make fine, large specimens, and yield an abundance of lovely flowers with splendid stems, as fine as those sold by your local florists.

OUR BOUQUET COLLECTION—Price, 10 cents each; the entire set of Twelve Beautiful Varieties for \$1.00, postpaid, in large, field-grown plants, ready to bloom.

Aristocrat—The beautiful color resembles that of Mrs. Lawson, but is much brighter; the flower is built high, full of petals and perfect in form, with splendid stem and calyx.

Cardinal—(New.) Flowers three to three and one-half inches in diameter, of brilliant scarlet when well grown, with extra long stems.

Dorothy—A beautiful pure deep pink, and a grand, prolific bloomer of large-sized flowers, deeply fringed or serrated.

Dorothy Whitney—The ideal yellow Carnation; deep golden-yellow, irregularly edged with faint markings of light pink.

Enchantress—One of the grandest, a leader in its color, an exquisitely delicate shade of shell-pink, deepening toward the center.

Harlowarden—Flowers large, very full, deeply fringed; deep, brilliant scarlet maroon, full, rich and striking.

Lady Bountiful—Large flowers of purest white; large-sized blooms, very sweetly scented, delightful clove fragrance.

Morning Glory—The best of the light pinks; color a delicate bright flesh-pink; strong grower and free flowering.

Mrs. M. A. Patton—(New Striped.) Large flowers on long stems; the ground color is white, striped and fringed with red.

Price, 15 cents each.

Winter-Blooming Carnations.

Mrs. Thomas W. Lawson—Flowers are the largest, deepest, best formed; stems long; color pure rose-pink.

White Perfection—(New.) This variety is a leader in freedom of bloom; opens its blooms rapidly, and is a splendid keeper; on long stiff stems; a good calyx, and a pleasing clove fragrance.

Price, 15 cents each; two for 25 cents.

Winsor—Clear silvery-pink, of intermediate shading.

HARDY SCOTCH CLOVE OR SWEET MAY PINKS

8 Varieties. Price, 10 Cents Each; Three for 25 Cents.

Weeping Lantana.

WEeping LANTANA

A Weeping Plant of Great Beauty—One of the grandest basket plants grown. The plant has a most graceful drooping habit, grows very rapidly, and blooms continuously summer and winter, producing large clusters of the most delicate lilac or rosy-pink, foliage a beautiful dark green. A single plant on August 1st this past summer had five hundred and ninety clusters of flowers on it. The same plant December 1st had three hundred and fifty clusters of flowers on, which proves it one of the most persistent bloomers, and does equally well winter and summer. We know of nothing that is so easily grown and gives so much pleasure and satisfaction. **Strong plants, 5 cents each, six for 25 cents.**

LANTANAS, or SHRUBBY VERBENAS

The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest blooming plants we grow. The flowers embrace all the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. The varieties we grow give a wide range of color and include the most distinct and profuse kinds. **Price, 6 cents each, five for 25 cents.**

LARGE FLOWERING CHRYSANTHEMUMS

For Winter Blooming.

Selected from the finest exhibition and large-flowering sorts from all over the world. The very cream of the newest varieties, and such of the older ones as are meritorious enough to hold their position against the new ones. They are good, healthy growers, early and abundant bloomers, and bear flowers of the largest size and most beautiful colors. **Price, 5 cents each, six for 25 cents.**

GRAND PARLOR FERNS

THE GRAND NEW TARRYTOWN FERN

Nephrolepis Elegantissima, or Feather Fern—It is a sport from the Pierisoni Fern (*Nephrolepis Pierisoni*), but it is very much more beautiful. The small side pinnae are again subdivided, presenting an exquisite and beautiful effect, changing the entire character of the fronds, the side pinnae standing at right angles to the midrib, making both sides of the frond equally beautiful—entirely different from any other Fern. The plant is very dwarf, only about one-half the height of the Pierisoni Fern, and of very much more compact habit. **Price, strong young plants, 15 cents each, two for 25 cents; extra strong plants from three-inch pots, 25 cents each; large plants from four-inch pots, 50 cents each.**

NEW PARLOR FERN, NEPHROLEPIS SCOTTII

It is a condensed form of the Boston Fern, with valuable characteristics added which are not evident in the parent, an average plant in an eight-inch pot having two hundred fronds. The fronds average about twenty inches in length, and three inches in width at the widest point; the pinnae are very closely set so that they overlap, making a more finished frond than the parent. It has a crispness and hardness about it which is superior to the parent. It grows very freely, and its character is established in the smallest size. **Price, 15 cents each; large plants from four-inch pots, 50 cents each; extra strong plants from three-inch pots, 25 cents each.**

THE BOSTON SWORD OR FOUNTAIN FERN

Of all decorative plants for house culture this is perhaps the most imposing and satisfactory. It is so hardy that it will stand and thrive in most any situation in a room, even if out of the reach of the sun's rays. No Fern is so good in this respect. Plants form an immense number of graceful, drooping fronds, varying in length from two to five feet, and always of a fresh, healthy and beautiful green color. These fronds keep in perfect condition for years; we cannot too highly recommend it. **Price, young plants, 10 cents each; strong plants, 25 cents each; extra large plants from four-inch pots, 50 cents each.**

THE TALL OSTRICH PLUME FERN

Nephrolepis Pierisoni—The plant possesses the same vigorous growth that is characteristic of the Boston Fern, with long, graceful fronds, but with each pinna or leaflet subdivided so as to form a perfect miniature frond. The fronds grow broad and heavy, and measure, when fully developed, at least six inches across, increasing in beauty as they develop. **Price, small plants, 10 cents each; extra large, beautiful specimen plants, 50 cents each.**

NEPHROLEPIS WHITMANI

The Beautiful Dwarf Ostrich Plume Fern

In this we have unquestionably the most valuable *Nephrolepis* of the Ostrich Plume type yet introduced. Not only is it of dwarfier and more compact habit than the *Nephrolepis Elegantissima*, but the pinnae, being more deeply divided, give the plant a much more graceful appearance. **Price, 15 cents each; fine large plants, 25 and 50 cents each.**

BEAUTIFUL FERNs

PRICE, 15 CENTS EACH,
EXCEPT WHERE NOTED

New Dwarf Ostrich Plume Fern Nephrolepis Whitmani

Adiantum Cuneatum—The popular Maiden Hair Fern; very beautiful and graceful; **Price, 10 cents each.**

Aspidium Tsussimense—Valuable for fern dishes, of dwarf and graceful habit; of good color and of the best keeping qualities; a clean, good grower and very ornamental. **Price, 10 cents each.**

Holly Fern—A beautiful and rapid-growing small plant, making fine specimens in a very short time; fronds resemble branches of holly, from which it takes its name.

Pteris Argyrea—(Silver Fern.) Variegated foliage; fronds large, light green, with a band of silvery-white down the center of each.

Pteris Tremula, or Shaking Fern—One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds.

Pteris Wimsettii—A beautiful low-growing Fern, suitable for table dishes. **Price, 10 cents each.**

Pteris Cretica Alba Lineata—A very pretty dwarf-growing, and useful variegated variety; deep green, striped white. **Price, 10 cents each**

ASPARAGUS SPRENGERI, OR EMERALD FEATHER

A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, are of a rich shade of green, and most useful for cutting, retaining their freshness, after being cut, for weeks. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any position. **Price, 10 cents each, three for 25 cents; large plants, 25 cents each.**

ASPARAGUS PLUMOSUS NANUS OR LACE FERN

The leaves are a bright green, gracefully arched and as finely woven as the finest silken web, lasting and retaining their freshness for weeks. The most valuable plant we have for this purpose, surpassing Maiden Hair Fern in fineness of texture and richness of color. **Price, 10 cents each, three for 25 cents; large plants, 25 cents each.**

Asparagus Sprengeri

Asparagus Plumosus Nanus

*Chinese Primrose*

Primula Obconica Grandiflora

This is a charming plant for winter—in fact, we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its delicate sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. **Price, 10 cents each, three for 25 cents.**

The "Baby" Primrose—A very attractive variety, blooming most profusely during the winter and spring; in fact, it blooms continuously for nine months. The sprays of rosy-lilac flowers are very graceful, and exceedingly useful for cut flowers. It is easily grown in the house. Should be planted or set outdoors in the shade from June to September and rested. **Price, 10 cents each, three for 25 cents.**

Mexican Primrose—Flowers about two inches in diameter, of a clear pink color, veined scarlet, with a white center. Plant inclines to trailing habit of growth, spreading its branches out over the ground or trailing over the sides of a pot. Is a good basket plant on account of this trailing habit and is never without some display of bloom. **Price, 10 cents each, three for 25 cents.**

Primula, Chinese Fringed Primrose

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering that no water gets on the buds, as it causes them to rot.

Primula Alba—Single, white. **Price, 8 cents.**

Primula Rosea—Single, pink or red. **Price, 8 cents.**

Four varieties of the Chinese Fringed Primroses for 25 cents.

ARAUCARIA EXCELSA

*Araucaria Excelsa*

Norfolk Island Pine—

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star. But no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. Easily grown in the house, and highly ornamental. It requires the same culture as the Palm. **Extra fine plants, \$1.00 each; extra fine specimens, \$1.25 each.**

*Primula Obconica Grandiflora*

Winter Blooming Fuchsias

Price, 10 Cents Each, Three for 25 Cents.

Gloire des Marches—A strong-growing variety; corolla large, double and pure white; sepals bright red. One of the finest.

Gustav Nadaud—An extra fine double purple variety; comes into profuse bloom on very small plants.

Madame Carnot—Flowers of large size; tube and sepals deep coral-red, corolla white, veined and suffused carmine.

Minister Boucher—Double, of good size and very free; corolla beautiful lilac, with bright crimson sepals.

Mr. Gladstone—The largest double purple; has enormous, wide-spread corolla, stamens are curiously attached to the petals.

Madame Bruant—Flower large and double; a delicate heliotrope color, suffused with rose, slightly marked and veined with carmine; sepals deep coral-red.

Marenga—A most desirable sort and very symmetrical; corolla dark, amaranth red, single; sepals carmine.

Phenomenal—The king of them all. The plant is a strong grower, branching like a tree; the flowers are of enormous size, measuring three and one-half inches across; sepals bright scarlet, with rich violet-blue corolla; very double.

Rose Phenomenal—Identical with its parent Phenomenal, except the large flowers; the tube and sepals are a bright carmine, corolla rose color, base of corolla shaded and veined crimson.

Trailing Queen—Entirely different from all other varieties, as it takes the form of a trailing vine, branching freely, until the stems are three to four feet in length; the flowers are long and graceful, the tube and sepals being bright rosy-scarlet with deep rich violet-purple corolla.

SPECIAL OFFER—For 75 cents we will send you the set of Ten Named Grand New Flowering Fuchsias, postpaid. PONDEROSA WONDER LEMON

The Largest Edible Lemon in the World—Flowers Nearly as Large as Single Tuberoses

This is one of the most extraordinary novelties that has been sent out in many years. Single specimens have been taken from the trees weighing over three pounds each. In addition to its fruit-bearing qualities, it makes a very handsome specimen plant for house culture. The dark green foliage is very large, and the handsome pure white, waxy flowers, with yellow stamens, are nearly as large as Tuberoses blooms and as fragrant as Orange blossoms, which they greatly resemble. The Lemons have a very thin rind for such large fruit, and are full of rich acid juice, and are equal to eight or ten ordinary Lemons. It makes delicious lemonade, and for every purpose that the Lemon is useful it has no equal. The plants that we will send you will produce their magnificent large fruits under ordinary cultivation the second year, and will prove a source of genuine delight. Plant it in ordinary soil, in a pot or tub, and it will make a most interesting and valuable plant, not only ornamental, but useful, as it will bear each season a fine crop of these superb Lemons. Very hardy. Price, for good young plants, 15 cents each, two for 25 cents; extra strong one-year-old plants, 25 cents each; large plants, to bloom and fruit at once, 50 cents each; extra large, strong plants, by express only, \$1.00 each.

Dwarf Otaheite Orange

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange tree of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique Orange cannot be equaled as a winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. Price, 10 cents each; strong plants, 25 cents each; extra large, strong plants, ready to bloom and bear fruit at once, 50 cents each.

(ZEBRA PLANT)

Beautiful plant, especially adapted for decorating drawing rooms and halls; stands drouth and dust with impunity; leaves very beautifully striped crosswise; broad, wide variegations on dark-green ground. Will do well in any position. Singularly beautiful for decorative purposes; useful both summer and winter. It makes a fine center piece for vases and baskets. Grows splendidly out of doors during the summer. Fine plants, 10 cents and 25 cents each; extra large plants, 50 cents.

SWEET SCENTED VIOLETS

Price, 10 cents each, three for 25 cents.

Lady Hume Campbell, the New Ever-Blooming Violet—A perpetual bloomer and enormously productive; the flowers are very large, often the size of a half dollar, perfectly double like little Roses; very fragrant and of the most lovely azure-blue color.

New French Violet, Princess of Wales—It is of hardy, vigorous growth and wonderfully free blooming; stems ten to twelve inches long. Large, healthy and heavy foliage; grand single flowers; true blue color, symmetrical form, nearly as large as a Pansy blossom and delicately fragrant.

Marie Louise—To contrast with white, we offer this double, deep bluish-purple, sweet scented variety, recently introduced. Desirable for pots or garden. Plants hardy and bloom freely.

Swanley White, or Queen of Fragrance—This beautiful new double white Violet is unquestionably the finest double Violet in existence, and is a decided acquisition to even the smallest collection of plants.

The California—A study grower with dense, heavy foliage, entirely free from disease. Flowers single, intensely fragrant. Color a clear violet-purple that does not fade. The flowers are as large as a silver dollar, and are borne on stems ten to twelve inches long.

AZALEA INDICA, CHINESE AZALEA

These beautiful plants are deservedly becoming more popular every year for window and conservatory decorations. The ease with which they can be grown, their diversity in color and freedom of flowering will always keep them in public favor. Our collection comprises the cream of the best Continental establishments. All the sizes offered will flower freely in proper season. They should be kept outdoors in a cool, shady and moist place during the summer. Price, fine plants, 75 cents each.

CAMELLIA JAPONICA

The Camellia is considered the Queen flower of the South. During the month of May immense trees can be seen in full bloom, making the most gorgeous sights to behold. Their dark, shining leaves contrast beautifully with the waxy-like blooms, which come in white, pink, rose, carmine and variegated shades. Leaves glossy and flowers of the most exquisite beauty; in almost endless variations of color. We offer splendid plants, bushy, well-grown specimens, all in splendid health. Fine large plants, 75 cents each.

CROTONS

The Crotons are among the finest decorative foliage plants known. The leaves are all more or less veined or margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain-fashion, others broad and short, oak-leaved; some recurve very much, others twisted corkscrew-like. Crotons love heat, sunshine and moisture. Price, 10 cents each, three for 25 cents.

DESIRABLE HYDRANGEAS

Hortensis Rosea—(Novelty.) This is one of the best new introductions. It produces fine heads of bloom, the individual flowers being of great substance, of a clear rose color gradually developing as the white center disappears into a brilliant rose color. Price, 20 cents each, three for 50 cents.

Ramis Pictus (Red Branched)—Color very deep rose or light cherry; new growth of wood is deep reddish-purple color making it distinct from any other variety. Price, 10 cents each.

Thomas Hogg—The immense trusses of flowers are first slightly tinged with green, becoming of the purest white and remaining so for a long time. Price, 10 cents each.

Monstrosa Grandiflora—One of the most valuable and most beautiful of Hydrangeas. Great clusters of bloom are simply enormous; beautiful, most intense rose color, shaded with white; growth robust, compact; clusters of bloom twelve to fifteen inches in diameter. Price, 15 cents each, two for 25 cents.

Otaksa—A splendid variety; flowers large, bright pink, tinted with blue; produced very freely. Price, 10 cents each.

HARDY HYDRANGEAS

New Hardy "Snowball" Hydrangea

Hydrangea Arborescens Grandiflora Alba—A variety of the native Hydrangea Arborescens recently discovered. The heads of flowers are in shape like Hydrangea Hortensis; they are snowy-white. It is a tree shrub, begins to bloom in early summer and continues into the fall, so that it is practically ever-blooming, eventually turning to a light green and then brown. It is a graceful shrub, and is destined to achieve the widest popularity. It attains a height of six feet, and the same width, and is literally loaded with its grand panicles of large snowy-white flowers, one of the grandest sights imaginable. Price, 25 cents each; large two-year-old plants, 50 cents each.

Hydrangea Paniculata Grandiflora—This is the finest and most popular hardy shrub in cultivation. It attains a height of four to six feet; perfectly hardy in all parts of the country. SUITABLE FOR FALL SOWING

NEW MASTERPIECE, or "RUFFLED GIANT" PANSIES

The truly giant-sized flowers of this wonderful Pansy are of the most distinct and striking character, the petals having a rich velvety substance and being heavily ruffled or curled, giving them the effect of a finely double flower. The originator in Germany has shown many flowers of this strain of broad circular form which measured three inches across the face of the petals, and if the ruffles were spread out would measure nearly twice that. The colors are mainly dark, rich shades, bordered, blotched or marked in ray-like veinings with contrasting colors in most beautiful and brilliant effects. The mammoth size, richness and beauty of colorings, combined with the distinctly frilled or ruffled character of the petals, make this one of the most distinct and interesting novelties in Pansies ever developed. Price per packet, 15 cents, two for 25 cents.

Giant Ruffled or Masterpiece Pansies.

PANSIES

Pansies sown in the fall produce incomparably finer, larger flowers of more brilliant colors than at any other season.

Lovely Winter Blooming and Decorative Plants

Genista Canariensis.

Dracena Terminalis, or Dragon Plant.

Linum Trigynum

winter. One of the most beautiful winter bloomers it is possible to have. Flowers about the size of a Morning Glory. Small plants bloom profusely and become more beautiful each year. Price, 10c. each, three for 25c.

IMPATIENS SULTANI

In bloom continuously the year round, out or indoors, even in the small plants three or four inches high. The bloom is bright pink, and comes so profusely as to almost cover the entire plant; very desirable. Price, 5 cents each.

Impatiens The Queen, or Pink Beauty—We are among the first to offer this beautiful and rare novelty in Impatiens, which is given to the public this year for the first time. In form and foliage it is like Sultani, but color of flower is a handsome shade of salmon tinged with pink. Price, 10c. each.

GENISTA CANARIENSIS

(Fountain of Gold)
A beautiful yellow-flowering plant that grows and flowers freely with ordinary care, flowering so freely as to literally cover the plant with its rich golden-yellow flowers when well grown. A very popular plant for Easter decorations, at which time it is usually a mass of bloom. Price, 10 cents each, large size, 25 cents.

DRACENA TERMINALIS

Dragon Plant
The Great Crim-son-Foliaged Plant for the House—A superb species, with rich crimson foliage so marked with carmine-pink and creamy-white that words cannot describe the exquisite coloring. This is one of the most admired of the decorative species, its elegant habit and extremely beautiful, lively coloring giving it marked value. It is a rapid grower, and for room adornment or as a vase plant for outdoor use it is indispensable. Price, fine plants, 25 cents each; large plants, 50 cents each.

DRACENA DIVISA

The Fountain Plant

This variety is unsurpassed for hardiness in the house, and is used very extensively as a center plant for vases, urns, etc. It stands full exposure to the sun, its long, narrow, graceful foliage contrasts beautifully with other foliage and flowering plants. Price 10 cents each, three for 25 cents.

The Yellow-Flowered LINUM TRIGYNUM

A winter-blooming plant of great beauty, producing in the greatest profusion very large showy blooms of a bright yellow color. A complete mass of bloom for a long time during

JUSTICIAS

Justicia Velutina

New Dwarf Justicia Velutina—An elegant new plant for pot culture and bedding, which we are sure our friends will like to have; begins to bloom when only a few inches high, and continues bearing its beautiful feathery plumes of lovely pink flowers the whole season. When taken indoors will bloom all winter. Quite scarce as yet. Price, 10 cents each, three for 25 cents.

New Dwarf Blue Justicia Nervosa—A first-class novelty, very rare and scarce, entirely new; low, bushy, compact plants, surmounted with lovely sky-blue flowers, borne well up on strong stems, covered with flowers nearly all the time. An elegant plant for bedding out in summer and blooming in pots in winter. Price, 10 cents each, three for 25 cents.

SWAINSONIAS

Swainsonia Alba—A most desirable ever-blooming plant with pure white flowers, produced in sprays of from twelve to twenty flowers each, the individual blooms resembling a Sweet Pea. As a decorative plant for the window or conservatory we know of nothing that will give as much satisfaction. Of easy culture, growing in almost any light position. Its great freedom of bloom, grace and beauty will make this a very popular plant. Price, 10 cents each, three for 25 cents.

Swainsonia Rosea—A worthy companion for the above. The plant is an excellent grower, and prolific bloomer; color rich, rosy red. Price, 10 cents each, three for 25 cents.

Swainsonia Alba

CYPERUS, or UMBRELLA PLANT

This plant grows finely in shallow water with rich soil or mud, soon throwing up long stalks, which are surmounted with narrow dark green leaves, arranged in such a manner as to suggest the name of Umbrella Plant. Price, 5 cents each.

Cyperus Gracilis—A pretty new dwarf form, with very narrow delicate foliage, entirely distinct. It makes a very desirable green for putting in bouquets. As handsome as a Fern. Price, 5 cents each.

Beautiful Hardy Herbaceous Peonies

THE KING OF ALL FLOWERS

There is no flower to compare with the Peony in size of bloom, wealth of color and delicious fragrance, nor is there any plant to compare with it in hardiness or ease of culture. It is the flower for the million and the millionaire.

Peonies should be planted in the fall to get bloom the following year.

The varieties listed below are the cream of the well-known sorts, and thoroughly tested novelties, and are true to name.

CHINENSIS or CHINESE SECTION

ACHILLE—Fine, large bloom; opens light flesh-colored pink, finishing bluish-white, with an occasional creamy spot. Price, 25 cents each.

ANDRE LAURIES—Rosy-red; very free late bloomer; an old, well-known variety. Price, 25 cents each.

CANARI—Outer petals white, with deep primrose center; the earliest to bloom. Price, 40 cents each.

DELICATISSIMA—Very double; color clear, fine bright pink. Price, 25 cents each.

EDULIS SUPERBA—Beautiful, brilliant pink, with silver reflex. Price, 25 cents each.

FELIX CROUSSE—A rich, even, brilliant ruby-red, exceptionally fiery, bright and effective; very large, full bell-shaped bloom; the best of all red Peonies—nothing like it in color. Price, 75 cents each.

FESTIVA MAXIMA—This is not only the finest white in existence, but in most quarters is regarded as the queen of all the Peonies. It combines enormous size with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower impossible to describe. Price, 50 cents each.

FLORAL TREASURES—Very large clear pink, shading lighter in center; a splendid fragrance. Price, 40 cts. each.

GOLDEN HARVEST—Very striking, large tricolored blooms, the guard petals being blush-pink, with a distinct bluish-white color and deepening to canary-yellow, a few petals tipped and striped light crimson. Price, 75 cents each.

HUMEI CARNEA—Very large cherry-pink flowers; highly scented. Price, 25 cents each.

L'ESPERANCE—Very lovely rose-pink; fine form, full, high, tufted center; very fragrant. Price, 35 cents each.

LADY LEONORA BRAMWELL—Late; color delicate silvery-pink shaded with lilac and chamois; three nankeen petals tipped with crimson at the center. Price, 50 cts. each.

MONSIEUR JULES ELIE—Immense globular and very full flower, broad and overlapping petalage, forming one of the most perfect Peonies in existence; finest glossy flesh-pink, shading to deeper rose at the base; the entire bloom covered with a silvery reflex, or halo; quite fragrant; very rare; a magnificent variety from every standpoint. Price, \$1.25 each.

MONT BLANC—(The Yellow Peony.) Broad snow-white guard petals, center forming a very full, high cushion; color sulphur-yellow, fading in time to pure white. Price, 75 cents each.

MONSIEUR CROUSSE—Deep, dark, rich red, comparatively early bloomer; it is one of the finest varieties on our place; in the cut-flower market it is known as the American Beauty Peony. Price, 50 cents each.

OFFICINALIS RUBRA (Fl. Pl.)—The old-fashioned early deep crimson variety. Price, 25 cents each, \$2.50 per dozen.

OFFICINALIS ROSEA (Fl. Pl.)—Very large, well-formed bloom; color deep pink. Price, 25 cents each, \$1.25 per dozen.

QUEEN VICTORIA—Large bloom; opens flesh-white, changing to pure white, center petals tipped with carmine spots. Price, 25 cents each.

RUBRA SUPERBA—Magnificent rich brilliant crimson; very large and very double; highly fragrant. Price, 50c each.

VICTOIRE TRICOLORE—Deep pink guards; center yellowish flesh-color tinted pink; a glorious flower. Price, 25 cents each.

PEONIES TO COLOR

USUALLY CALLED MIXED PEONIES—ALL DOUBLE FLOWERING.

Our Peonies to color you will find unsurpassed. They are fine large flowers with rich colors; free bloomers. The roots we offer are strong; be sure and try them. We have these Peonies in White, Red, Pink and Rose at 20 cents each, \$1.50 per dozen.
